

# WHAT DO YOU THINK?

The Council is keen to find out what its tenants think of the services they receive in the management of their homes. Please tick the list below and return the questionnaire to your local housing office.

Tick as many boxes as you like.

I would like to be part of the Panel of tenants who read some of the Council's documents to make sure they are easy to read and understand. ( The Tenant Reader Panel)

I would like to be part of a survey panel which would respond to requests for your views. (The surveys may be by post, over the telephone or face to face. The Council will pay any expenses, for instance, postage costs or transport)

I would like to receive a pack of leaflets including some on tenants' rights, and the District-wide Tenant Participation Agreement. (The agreement about services which the Tenants' Committee have agreed with the Council)

Please send me the dates of meetings of my local Area Panel, which meets four times a year to discuss local issues and vote on spending on improvements in my area.

I am interested in finding out more about the Tenants' Committee.

I would like someone from my local Residents' Association to contact me about what is going on where I live.
