Thank you for forwarding the above document to the Highways Agency for comment.

Having read through the recommended changes the HA has no specific comments to make with regard to the recommended changes to Annex B 3.43,3.43a and 3.43b or Annex b.

The recommended wording changes seem to highlight the need to ensure further work is carried out prior to the delivery of the Allocations of Land DPD document and this reflects the approach the Agency is asking in other areas.

The Agency is happy that the alterations made do not effect the SRN and that the changes will mainly effect the Local Authority so we support the suggested changes.

Regards

Lindsay
