

## SOUTH LAKELAND DISTRICT COUNCIL

### The Community Infrastructure Levy Regulations 2010 (as amended)

#### **Regulation 19: Submission of the Community Infrastructure Levy Charging Schedule**

NOTICE IS HEREBY GIVEN that on 3 December 2014 South Lakeland District Council submitted a Community Infrastructure Levy (CIL) Charging Schedule to the Secretary of State for independent examination of its compliance with the above regulations.

CIL is a charge that councils can place on development. Its purpose is to help fund the infrastructure to support development proposed in the Local Plan. A proportion of CIL receipts are passed to Parish and Town Councils for communities to spend on local infrastructure projects. The CIL must strike an appropriate balance between obtaining contributions to funding infrastructure and not putting development at risk by making it financially unviable.

The submission documents comprise the Draft Charging Schedule, Reg 19 (1,b) Representations Statement, representations made on the Draft Charging Schedule and relevant evidence documents.

From 5 December 2014 the CIL Draft Charging Schedule and submission documents are available to view and download from the Council's website at [www.southlakeland.gov.uk/cil](http://www.southlakeland.gov.uk/cil) and can be inspected during normal opening hours at South Lakeland House, Kendal, LA9 4DL; Ulverston Town Hall, LA12 7AR and local libraries at Arnside, Grange over Sands, Kendal, Kirkby Lonsdale, Milnthorpe and Ulverston.

For enquiries on this matter, please contact the Development Plans Team on [development.plans@southlakeland.gov.uk](mailto:development.plans@southlakeland.gov.uk) or 01539 793388, or at South Lakeland House, Lowther Street, Kendal LA9 4DL.

Lawrence Conway, Chief Executive 4 December 2014
