Please describe the proposed variation(s) in detail in the box below and explain why you consider that they could not have an adverse effect on the promotion of any of the licensing objectives (See Guidance 1). This should include whether new or increased levels of licensable activities will be taking place indoors or outdoors (indoors may include a tent):

Details of proposed variations (Please See Guidance Note 3)

The application is to approve alterations to the bar area with the existing two raised areas to the top of the bar area being altered to a single raised area with steps and a ramp. The current outside seating area on the plan shown in the top left hand corner of the plan will have an access created along its boundary to a new area of seating where it is proposed there will be an outdoor stage and cinema screen.

As a consequence of this new outdoor area the minor variation also seeks to permit regulated entertainment as follows:

Films – Monday to Sunday 1400 to 2330 hours outdoors in the Entertainment/kids area as shown on the attached plan and indoors between 1200 to 0100 Monday to Sunday (bars 1100 to 0200 Monday to Saturday).

Live music, recorded music, performance of a dance and anything similar Monday to Sunday 1130 to 1900 hours outdoors in the Entertainment/kids area as shown on the attached plan.

Performance of a dance and any similar entertainment to live/recorded music or performance of dance, indoors Monday to Sunday 1200 to 0100 hours (bars 1100 to 0200 Monday to Saturday).

I have included a copy of the plan
(necessary if the proposed variation will affect the layout)

☒

If you have not ticked one of the previous three boxes, please explain why in the box below.

Reasons why you have failed to enclose the premises licence / club premises certificate or relevant parts.

Any further information to support your application. (See Guidance Note 4)

Films are also shown outdoors mainly during the peak summer months, weather permitting. Live music and other regulated entertainment outdoors again will happen during the peak summer months.

With regard to the outdoor activities, they do not occur on a daily or even weekly basis. The days and hours simply provide flexibility in booking the events. These are events already taking place outdoors at other Parks within the estate and do not cause any adverse effect on the licensing objectives, nor will they at this Park. The Parks management will ensure the licensing objectives are promoted and that no-one is caused a nuisance as per the existing Operating Schedule. Given the location of the premises this would be extremely unlikely in any event. The remaining conditions on the licence are appropriate to ensure the licensing objectives are promoted. No further conditions would be appropriate or proportionate.

CHECKLIST:

Notes for Guidance

1. General Note: The minor variations process can only be used for variations that could have no adverse impact of the promotion of any of the four licensing objectives. (These are: the prevention of crime and disorder; public safety; the prevention of public nuisance; and the protection of children from harm).

It cannot be used to:

- extend the period for which the licence or certificate has effect;
- transfer the licence or certificate from one premises to another;
- specify, in a premises licence, an individual as the premises supervisor
- add the sale by retail or supply of alcohol as an activity authorised by a licence or certificate;
- authorise the sale by retail or supply of alcohol at any time between 11pm and 7am;
- authorise an increase in the amount of time on any day during which alcohol may be sold by retail or supplied;
- include the alternative licence condition referred to in section 41D(3) in a premises licence.

2. Description of premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. This should include any activities in or associated with the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups, the presence of gaming machines, etc.

3. Give full details of all the proposed variation(s). Failure to provide sufficient information may lead to the refusal of your application. Details should include a description of the proposed variation(s) in terms as precise as possible. If you are not precise, the licensing authority may decide that the changes you propose

would be potentially broader in scope than you intend and reject your application as not being a 'minor' variation. You should also include a statement about why you consider the variations proposed could not have an impact on the licensing objectives listed in section 4(2) of the Act. You should cover each of the objectives that could possibly apply to your proposal (or if more than one, to each proposal) and say why you think there could be no adverse impact on that objective. Your application will be assisted by including as much information as you can about this. **(However, there is a box at the end of the form for 'further information', and this should be used for any relevant background information not directly related to the variation).** Relevant information includes:-

a) Variations to licensable activities/licensing hours (all timings should be given in 24 hour clock (e.g. 16.00). Only give details for the days of the week when you intend the premises to be used for the activity), such as:

- Whether new or increased levels of licensable activities will be taking place indoors or outdoors. Indoors may include a tent;
- Relevant further details, for example whether music will be amplified or unamplified;
- Standard days and timing when the activity will take place, including start and finish times;
- Any seasonal variations in timings, e.g. additional days during the summer;
- Non-standard timings, e.g. where you wish the activity to go on longer on a particular day such as Christmas Eve.

b) Variations to premises/club layout: If you are applying for a variation to the layout of your premises, you must include a revised plan. You should be aware that your application is likely to be refused if the proposed variation could:

- increase capacity for drinking on the premises;
- affect access between the public part of the premises and the rest of the premises or the street or public way, e.g. block emergency exits or routes to emergency exits; or
- impede the effective operation of a noise reduction measure.

c) Revisions, removals and additions of conditions: The minor variation process may be used to remove conditions which are out of date or invalid and to revise conditions which are unclear (as long as the intention and effect remains the same). It can also be used to add a new condition volunteered by the applicant or mutually agreed between the applicant and a responsible authority, such as the police or the environmental health authority (subject to impact on the licensing objectives).

d) Variations to opening hours: Details of any changes to hours when the premises or club is open to the public.

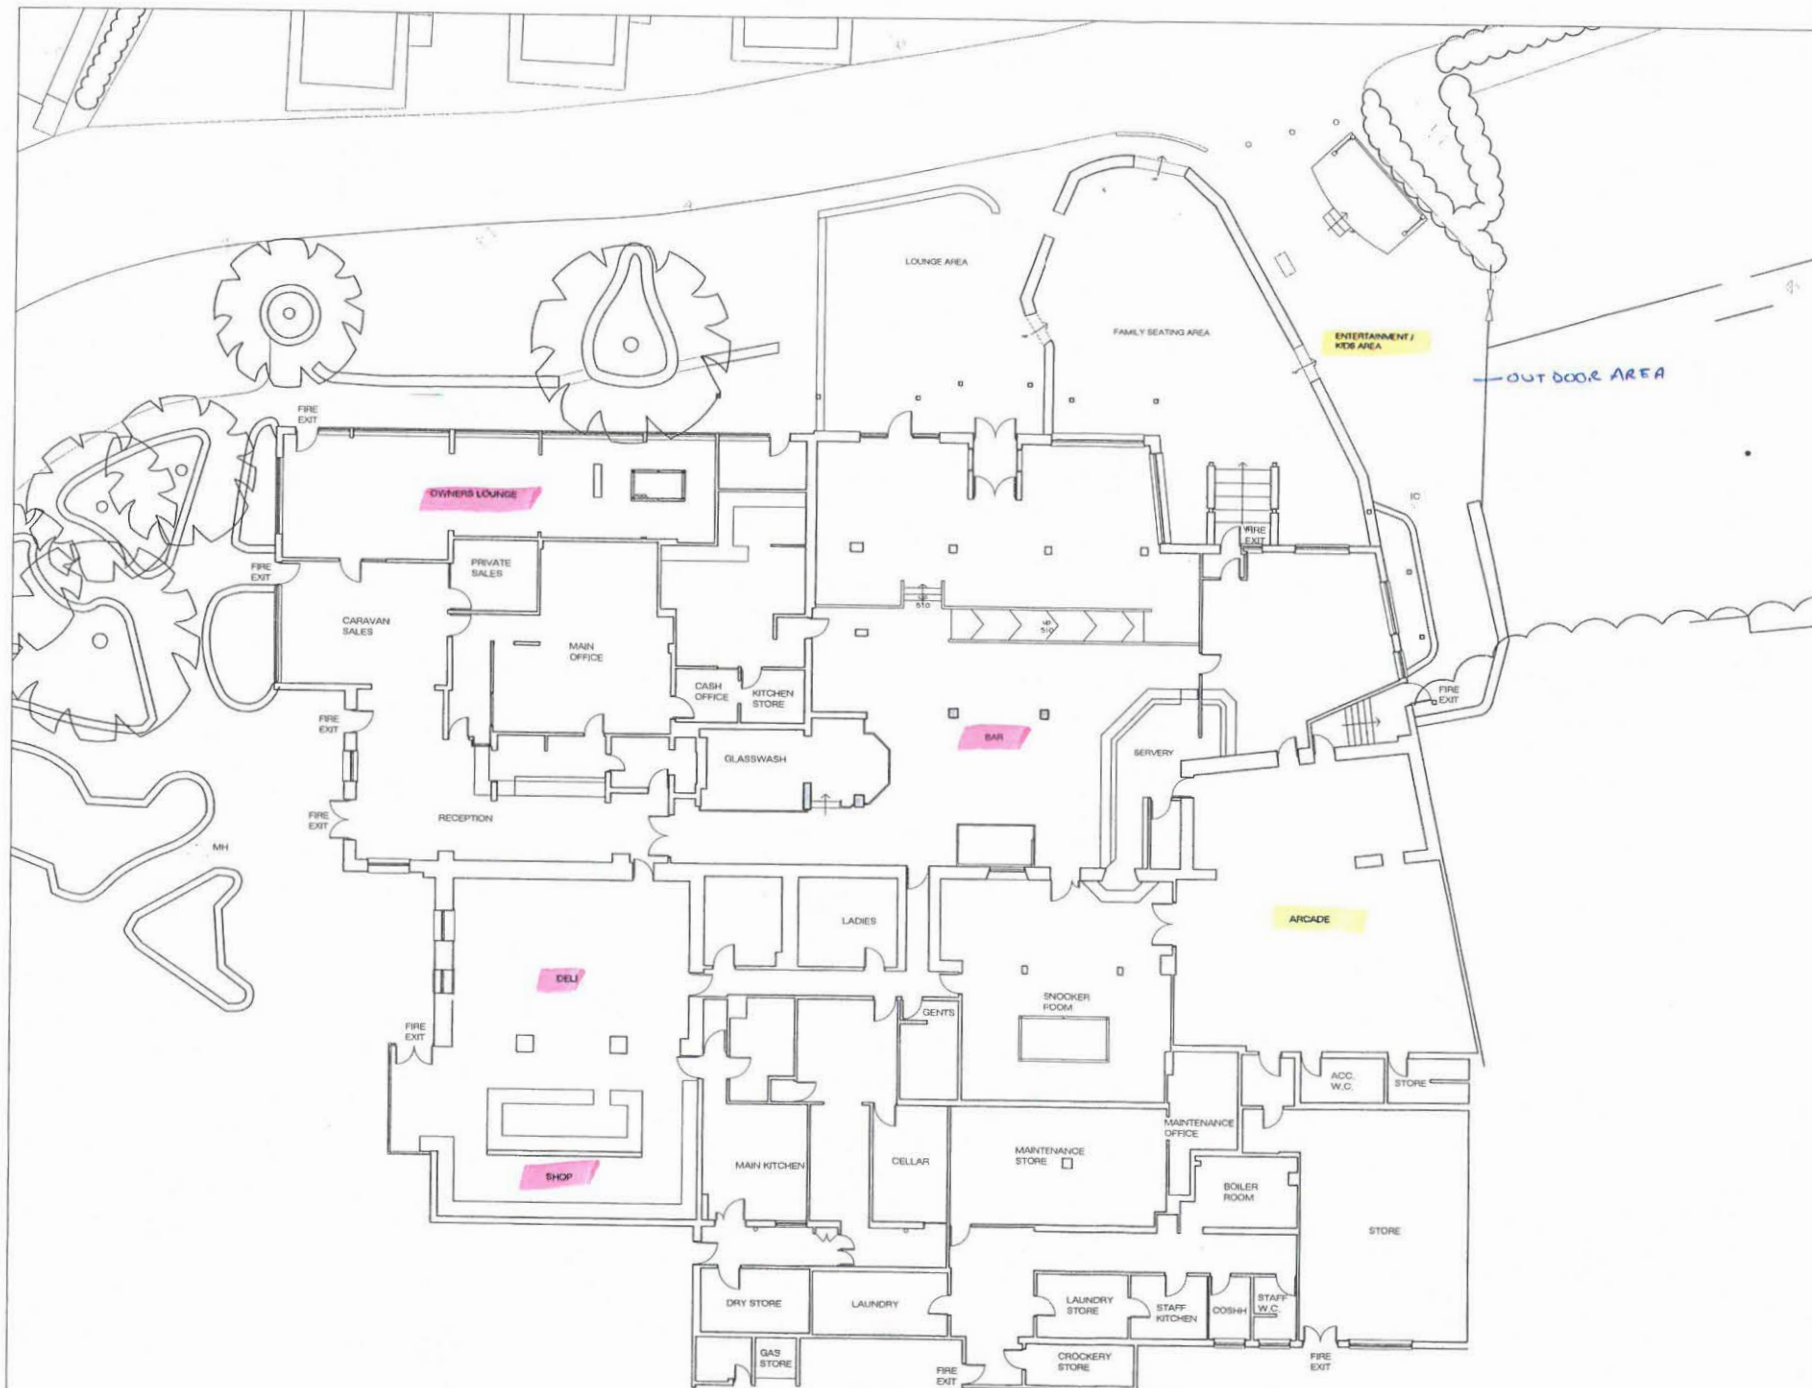

4. Further information: You should use this box to provide any additional evidence to support your claim that the proposed variation is 'minor' and could not have an adverse impact on the promotion of the licensing objectives.

5. Signatures: The application form must be signed.

6. Authorised agent: An applicant's agent (e.g. solicitor) may sign the form on their behalf and, in so doing, will be confirming that they have actual authority to do so.

7. 2nd Applicant: Where there is more than one applicant, both applicants or their respective agents must sign the application form.

8. This is the address which we shall use to correspond with you about this application. This might not be the same as the address of the premises or applicant, but these addresses must also be provided.
