Do you want the proposed variation to have effect in relation to the introduction of the late night levy? (Please see Guidance Note 3) ☐ Yes ☒ No

Please describe the proposed variation(s) in detail in the box below and explain why you consider that they could not have an adverse effect on the promotion of any of the licensing objectives (See Guidance Note 1). This should include whether new or increased levels of licensable activities will be taking place indoors or outdoors (indoors may include a tent):

Details of proposed variation(s) (Please see Guidance Note 4)

The removal of an existing stud wall is to create an amended seating area, a new staff service point together with an enlarged buffet (food) self service counter. There is no increase in areas used for alcohol consumption, in fact the changes will slightly increase visibility between two areas. The improvements are being carried out for aesthetic and operational workflow purposes rather than to increase sales of alcohol nor does it affect any hours or other licensable activities already in existence.

In addition but separate to correct the postcode printed on the Premises Licence from LA9 4BH to LA9 6BH

Details of proposed variation(s) (Continued)

As per the attached plans.
