

HEALTH AND SAFE COMMUNITIES

LDF - growth verses obstacles

Affordable Housing – major issue, both house prices and affordable rental properties

Rural Crime – growth of anti-social behaviour against an ageing population (despite overall very safe area)

Alcohol – a key priority, alcohol related crime has risen/also safe community and health of community. Need to change culture of alcohol use

Third sector - see links with economy/ nb business advisors/ ambassadors

Health – increasing elderly population, related illnesses – dementia (link with third sector), and less funding = challenge – working with patients to develop their own self management skills.

Health Services need to be aware of developments to be able to adapt/grow services as required

Carers – education, support etc.

ENVIRONMENT
