Application form

Application for a permit for a quarry process

Local Authority Pollution Prevention and Control Pollution Prevention and Control Act, 1999 Environmental Permitting (England and Wales) Regulations 2016

Introduction

When to use this form

Use this form if you are applying for a permit to a Local Authority to operate a quarry process installation as defined in Schedule 1 to the Environmental Permitting Regulations.

The appropriate fee must be enclosed with the application to enable it to be processed further. When complete, send the form and the fee and any additional information to:

Environmental Protection South Lakeland District Council South Lakeland House Lowther Street Kendal Cumbria LA9 4UD

If you need help and advice

We have made the application form as straightforward as possible, but please get in touch with us at the local authority address given above if you need any advice on how to set out the information we need.

For the purposes of Section H of the form, a relevant offence is any conviction for an offence relating to the environment or environmental regulation.

LAPPC application form: to be completed by the operator		
For Local Authority use		
Application reference	Officer reference	Date received

A <u>The basics</u>

A1 Name and address of the installation (not required for mobile plant)

Postcode

Telephone

A2 Details of any existing environmental permit or consent (for waste operations, include planning permission for the site, plus established use certificates, a certificate of lawful existing use, or evidence why the General Permitted Development Order applies.

A3 **Operator details** (*The 'operator' = the person who it is proposed will have control over the installation in accordance with the permit (if granted).*)

Name:

Trading name, if different:

Registered office address:

Principal office address, if different:

Company registration number:

A4 Any holding company?

Is the operator a subsidiary of a holding company within the meaning of section 1159 of the Companies Act 2006? If "yes" please fill in details of the ultimate holding company.

No Yes
Name:
Trading name, if different:
Registered office address:
Principal office address, if different:
Company registration number:

A5 Who can we contact about your application? It will help to have someone who we can contact directly with any questions about your application. The person you name should have the authority to act on behalf of the operator - This can be an agent or consultant.

Name and position:	
Telephone:	
Email:	

В	The installation
B1	Do you crush or screen minerals at a quarry?
B2	Does the activity process more than 100,000 tonnes of material in any 12 month period?
	□ Yes □ No
<u>lf you</u>	have answered 'yes' to B2 /the installation is not suitable for a simple permit.
B3	Why is the application being made?
	new installation
	change to existing installation means it now needs a permit
B4	Site maps – please provide:
	A location map with a red line round the boundary of the installation
	Document reference:
	A site plan or plans showing where all the relevant activities are on site:
	a) where the processing plant will be installed
	 b) the areas and buildings/structures designated for materials and waste storage and the type of storage
	c) the conveyors and transfer points
	d) any directly associated activities or waste operations.
	To save applying for permit variations, you can also show where on site you might want to use for storage etc in the future.
	Document reference:
B5	Are there any sites of special scientific interest (SSSIs) or European protected sites nearer than any of the following distances to the proposed installation?
	1km - where the installation involves mineral or cement and lime activities
	□ Yes □ No

If 'yes', is the installation likely to have a significant effect on these sites and, if so, please write on a separate sheet or enclose a relevant document explaining what the implications are for the purposes of the Conservation (Natural Habitats etc) Regulations 1994 (see appendix 2 of Annex XVII of the Defra general guidance manual)

B6 Will emissions from the activity potentially have significant environmental effects (including nuisance)?

 \Box Yes \Box No

If 'yes': list the potential significant local environmental effects (including nuisance) of the foreseeable emissions

Document Reference:

 please enclose a copy of any environmental impact assessment which has been carried out for the installation under planning legislation or for any other purpose.

	יח	Yes □ No		

D <u>Anything else</u>

Please tell us anything else you would like us to take account of.

Document Reference:

E <u>Application fee</u>

You must enclose the relevant fee with your application.

If your application is successful you will also have to pay an annual subsistence charge, so please say who you want invoices to be sent to.

F Protection of information

F1 Any confidential or national security info in your application?

If there is any information in your application you think should be kept off the public register for confidentiality or national security reasons, please say what and why. General guidance manual chapter 8 advises on what may be excluded. (*Do not include any national security information in your application.* Send it, plus the omitted information, to the Secretary of State or Welsh Ministers who will decide what, if anything, can be made public.)

Document Reference:

F2 Please note: data protection

The information you give will be used by the Council to process your application. It will be placed on the relevant public register and used to monitor compliance with the permit conditions. We may also use and or disclose any of the information you give us in order to:

- consult with the public, public bodies and other organisations,
- carry out statistical analysis, research and development on environmental issues,
- provide public register information to enquirers,
- make sure you keep to the conditions of your permit and deal with any matters relating to your permit
- investigate possible breaches of environmental law and take any resulting action,
- prevent breaches of environmental law,
- offer you documents or services relating to environmental matters,
- respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act allows)
- assess customer service satisfaction and improve our service.

We may pass on the information to agents/representatives who we ask to do any of these things on our behalf.

F3 Please note: it is an offence to provide false etc information

It is an offence under regulation 38 of the EP Regulations, for the purpose of obtaining a permit (for yourself or anyone else), to:

- make a false statement which you know to be false or misleading in a material particular,
- recklessly make a statement which is false or misleading in a material particular
- intentionally to make a false entry in any record required to be kept under any environmental permit condition
- with intent to deceive, to forge or use a document issued or required for any purpose under any environmental permit condition.

If you make a false statement

- we may prosecute you, and
- if you are convicted, you are liable to a fine or imprisonment (or both).

H Declarations A and B for signing, please

These declarations should be signed by the person listed in answer to question A3. Where more than one person is identified as the operator, all should sign. Where a company or other body corporate is the operator, an authorised person should sign and provide evidence of authority from the board.

Declaration A: I/We certify

EITHER – As evidence of my/our competence to operate this installation in accordance with the EP Regulations, no offences have been committed in the previous five years relating to the environment or environmental regulation.

OR- The following offences have been committed in the previous five years which may be relevant to my/our competence to operating this installation in accordance with the regulations:
