PCN Penalty Charge Notice

Nto Notice to Owner

CEO Civil Enforcement Officer

TRO Traffic Regulation Order 2004 (as amended)

SLDC South Lakeland District Council

TPT Traffic Penalty Tribunal

Foreword

I am pleased to introduce South Lakeland District Council's Parking Annual Report covering 2016-17, which provides a summary of operations plus financial and statistical information for over 40 car parks in the district.

Parking Services is part of the council's spur to enable and deliver opportunities for sustained growth. The council is committed to helping our towns and villages thrive commercially. The report shows how parking has worked in partnership with organisations to aid economic development as well as promote our beautiful and diverse area.

Supporting cultural activities and improving wellbeing is a core council priority, and we were delighted to have hosted a stage finish at Kendal in the Tour of Britain Cycle Race in September 2016.

Car park tariffs were kept at the same level they were set in 2011. In keeping with the council's drive for green transport, we introduced a discount on the standard permit for low emissions vehicles. We also worked with Stagecoach to implement a Park and Explore offer, helping to reduce car journeys as well as showcase the area's attractions.

All the money raised in the district from parking charges is used to improve the parking infrastructure and provide other services which the public values.

We welcome all constructive comments, so please write to Parking Services, South Lakeland District Council, Lowther St, Kendal LA9 4DQ, or email: parking@southlakeland.gov.uk.

Councillor Graham Vincent

Economy Portfolio Holder

Introduction

South Lakeland District Council is a big geographic area of 600 square miles with a relatively small population of 103,700. However, many home and foreign visitors swell the number of motorists using our facilities, increasing demand on our parking infrastructure.

Parking Services manages the council's car parks and raises revenue for the council which is used to provide services which the public values. The department maintains these council assets by a continuous programme of improvement. This report will demonstrate how we operate in line with parking policy, as well as provide statistical information on our service.

Here are some of the department's main activities and responsibilities:

- Provide safe car parks and ensure a number of different methods of payment are available for motorists.
- Look for suitable opportunities for small scale sites for car parking, cater for seasonal demands, and work in partnership with other organisations and agencies.
- Offer competitively-priced permits. Make available short term permit. Review permit prices annually.
- Offer both long and short-term parking to ensure a complex range of parking needs and a turnover of spaces.
- Balance the competing parking needs of residents, businesses and visitors.
- Work with communities and organisations to promote economic development. Support our thriving Market Towns.
- Provide a fair and consistent appeals' process when motorists incur penalties for parking.
- Set car park charges at levels that are competitive with neighbouring towns and cities, but which do not suppress the local economy.
- Encourage compliance and acceptance of the relevant parking legislation.
- Carry out annual reviews of car parks as well as regular inspection and improve safety features and access/sign-posting when needed.

Car parks

We operate 40 car parks across the district in market towns and scenic lakeside and seaside locations.

We use Metric Aura Elite machines at the car parks which accept cash and credit/debit card as well as contactless. Pay-by-phone is available at most of the car parks we patrol.

There are over 3,4000 pay-and-display spaces in SLDC car parks.

Blue badge holders get on hour free on top of the tariff paid.

Motorcycles can be parked for free apart from the Westmorland Shopping Centre car park in Kendal.

A full list of car parks is on Appendix 1, including charges, space numbers and operating times.

There are two multi-storey car parks and one of these is pay-on-exit.

We also operate car parks specifically for blue badge holder and for contract-holders. There is also a disc-only car park.

Coaches can park for free. Designated coach spaces are at Low Fold and Rothay Holme Ambleside, and Windermere Road in Grange-over-Sands.

We enforce car parks on behalf of other parties as well as SLDC-owned car parks.

Car parks permits

The council sells a number of different permits catering for different needs.

Permits can be for one or two registrations,

Car park specific permits are available to buy for the car parks in Milnthorpe and at Ferry Nab car park, which is predominantly for Lake Windermere users.

Payment for permits include card, cheque and direct debit.

Permits can be used in 36 car parks across 10 towns.

3 and 7 day permits can be bought from car park machines. The permits are transferable and can be used on over 30 car parks.

A discount of £50 on the price of standard permits is given for low emission vehicles.

The council sold over 1,500 permits in 2016 to 2017.

A list of car parks where the SLDC permit can be used is on Appendix 2.

We also sell business permits which are popular with guest houses and holiday homes.

Enforcement policy and Penalty Charge Notices (PCNs)

Our enforcement policy seeks to deter motorists from parking illegally, to encourage a turnover of spaces and to ensure a safe environment is created.

5,477 Penalty Charge Notices (PCNs) were issued 2016 to 2017.

The council exercises its enforcement powers under the Off Street Parking Places Order 2004 (as amended) and operates in accordance with the Traffic Management Act 2004.

CEOs do not have target or performance incentives.

Six council Civil Enforcement Officers (CEOs) patrol over 40 car parks seven days a week.

Discretion to cancel a penalty is the responsibility of the admin staff and not the CEO. Once a penalty has been issued, the CEO cannot withdraw it.

PCN appeals can be made by post, email, in person or online.

Contraventions used at SLDC for PCNs and the appeals' process are at Appendix 2 at the end. A full list of parking contraventions is on the PATROL (Parking and Traffic Regulations outside London) website www.patrol-uk.info.

PCN envelopes are placed on the windscreen or handed to the driver unless the vehicle is driven away.

The registered keeper of the vehicle is always the person liable for the PCN, and not the driver.

Penalty Charge Notices

A penalty will only be issued if a vehicle has parked in contravention of the regulations. The fewer penalties being issued may mean better compliance and that parking restrictions are working which is one of the main aims of having parking controls.

Most penalties in SLDC are issued for code 82 (parked after expiry of pay-and-display ticket) and 83 (parked without a valid pay-and-display ticket) as illustrated below:

Contravention codes

81: Parked in restricted area of car park

82: Expired pay and display ticket

83: No valid pay and display ticket

85: No valid permit displayed

86: Not parked correctly in space

87: No Blue Badge displayed

91: Invalid class of vehicle

Other

SLDC's appeals' process

Although receiving a parking penalty can be annoying or upsetting, we try to respond in a timely manner to all written appeals. We always treat each individual case on its own merits. We will follow parking policy for all motorists to ensure consistency and fairness.

Details of SLDC's policy for the enforcement and cancellation of penalties are available on: www.southlakeland.gov.uk/parking-and-travel/parking/penalty-charge-notice/challenging-a-penalty-charge/.

After a penalty is issued, the motorist can pay at the discount rate of 50% reduction within 14 days of the date of issue. We also offer the discount rate for another 14 days when a motorist appeals and their appeal is rejected.

A written appeal can be made at three stages:

1. An informal challenge can be made as soon as the penalty has been issued to the council before the issue of a Notice to Owner (NtO).
2. A formal representation can be made to the council after a NtO is issued, and before a Change Certificate is generated.
3. An appeal can be made to the Traffic Penalty Tribunal (TPT) after a Notice of Rejection of Representations is received.

The TPT is independent from the council and trained lawyers will decide on cases. Cases can be heard in person, by telephone and by post. An on-line appeals' process called FOAM (Fast Online Appeal Management) is used across England and Wales by the Tribunal. There is more information about the TPT at: www.trafficpenaltytribunal.gov.uk

If cases remain unpaid, they are registered at the Traffic Enforcement Centre, which is a court set up to deal with parking penalties. Debts are eventually passed to bailiff companies to collect. The council uses two bailiff companies – Jacobs and Equita. Bailiff companies have to abide by legislation contained within the Taking Control of Goods (Fees) Regulations 2014.

Statistics (correct on 31 October 2017)

Statistic	2015 to 2016	2016 to 2017
Number of higher level PCNs issued	405	477
Percentage of higher level PCNs issued	7.86%	9.54%
Number of lower level PCNs issued	4,748	5,000
Percentage of lower level PCNs issued	92.14%	91.29%
Total number of PCNs issued	5,153	5,477
Number of PCNs paid at discount rate	2,790	3,578
Number of PCNs paid at non-discount rate	1,140	796
Total number of PCNs paid	3,930	4,374
Percentage of PCNs paid	76%	80%
Total number of PCNs unpaid	436	207
Number of Charge Certificates registered at TEC	359	475
Number of informal challenges	1,348	1,162
Number of formal representations	69	87
Number of write-offs	76	81
Number of appeals to TPT	7	4
Percentage of appeals to TPT	0.14%	0.07%
Number of appeals allowed	2	1
Percentage of appeals allowed	29%	25%
Number of appeals dismissed	4	3
Percentage of appeals dismissed	57%	75%
Number of appeals not contested	1	0
Percentage of appeals not contested	14%	n/a

Total car park income and expenditure

There are statutory requirements established by Government that stipulate how surplus parking funds are spent, but there are differences between on and off-street parking.

Any surpluses from on-street parking and both on and off-street enforcement must be used in accordance with section 55 of the Road Traffic Regulation Act 1984. This means that any income remaining after enforcement costs must be used for transport.

Income from off-street parking fees and charges can be for general use by the local authority.

SLDC only operates off-street car parks and enforcement of them.

Off street parking income 2015 to 2016

Income/costs	£
Off street parking income	4,130,818
Off street PCN income	120,705
Other off street parking income	87,633
Total off street parking income	4,339,156
Total off street parking direct costs	2,839,616
Surplus/deficit	1,499,540

Off street parking income 2016 to 2017

Income/costs	£
Off street parking income	4,304,757
Off street PCN income	135,781
Other off street parking income	88,815
Total off street parking income	4,529,353
Total off street parking direct costs	1,802,561
Surplus/deficit	2,726,792

There has been no overall increase in tariffs since 2011-12 and where possible, we will look at offering lower tariffs in one car park in a town. We will look at ways to increasing capacity of underused car parks.

Any surplus funds raised from off-street facilities after expenditure including car park maintenance and improvement are used to off-set the costs to the council of providing valued services to the public, which would have to be met through Council Tax otherwise.

What's been happening this year in parking?

The parking service helps communities and is part of the area's economic development. By working in partnership with many agencies and businesses, there is a direct economic effect which assists with the delivery of other council services.

Safer walkway created at Kendal car park

A new walkway was created on Level 3 of the Westmorland Shopping Centre car park to make it easier and safer for pedestrians to cross from the stairs into the shopping centre.

During a trial period, barriers were erected to create the walkway and car drivers were diverted to use the exit on Level 4 of the car park.

The walkway was made permanent after the trial period.

Tour of Britain Cycle Race

Stage 2 of the Tour passed through 117 miles of Cumbria and finished in Kendal on Monday 5 September.

Parking Services helped organise alternative parking for residents who couldn't access their vehicles for two days.

Tour of Britain's visit to South Lakeland helped generate over £1 million for the local economy.

Increased security at Kendal car park

In response to continued levels of vandalism and anti-social behaviour in the car park, the lower levels of South Lakeland House car park were closed.

The top (open) level of the car park continued to remain open at all times, but the two lower levels were locked at 6.30pm instead of 8pm.

Leaflets were left on cars informing drivers about the changes to the closing times.

Major work on an Ulverston car park with the Environment Agency

Half of an Ulverston town centre car park was temporarily closed for essential repair work to an underground culvert, after a survey revealed defects in a channel that runs underground. The Agency had warned that more than 300 homes and businesses close to the route of the culvert were at risk of damage if parts of the underground watercourse collapsed.

EA contractors replaced the existing masonry arch culvert within the car park with a precast concrete box culvert. This ensured the culvert remains serviceable for the next 100 years and will reduce the risk of flooding.

Just over half of the 90-space Brewery Street car park closed from Monday, 11 July, for up to 17 weeks to allow access for the works and a compound for the contractors carrying out the work. Alternative access to the remaining car parking spaces had to be created.

Parking and bus offer in the Lake District

In association with Stagecoach, Park and Explore was rolled out enabling a family of five to park a car all day and travel by bus to popular attractions in the Central Lakes zone for just £18.

This is to encourage less traffic on the road and reduce stress for drivers so all the family can appreciate the beauty of the Lakes.

Tickets are available to buy at two SLDC car parks:

- Braithwaite Fold Bowness on Windermere
- Low Fold Ambleside

Free parking for electric Twizys

The council allowed free parking on three SLDC car parks in Bowness on Windermere, Ambleside and Grasmere.

The Twizys are available for hire and are disguised as 'sheep'.

Comic Art Festival

We also arranged free parking for other events in the district such as the Comic Arts Festival and Kendal Mountain Festival.

Legal Boards

The council upgraded all the legal boards in the car parks, providing clear and updated information on terms and conditions.

Appendix 1

Car park information 2016 to 2017

Unless otherwise stated, charges apply seven days a week, including bank holidays.

Ambleside

One hour free on top of time purchased for blue badge holders apart from Miller Bridge, where normal charges apply. No public parking at King Street on Wednesday (closed for market day). Rothay Holme (LA22 0EE, Owned): free parking for HGVs and PSVs only.
