1. Introduction

1.0 This statement of licensing policy is written pursuant to the powers conferred by the Local Government (Miscellaneous Provisions) Act 1976, as amended, which places on South Lakeland District Council (the “Licensing Authority”) the duty to carry out its licensing function as to hackney carriage and private hire vehicles.

1.1 In setting out this policy, the licensing authority shall promote the following objectives:

(i) The protection of public health and safety;
(ii) A professional and respected hackney carriage and private hire trade;
(iii) Access to an efficient and effective public transport service;
(iv) The protection of the environment

1.2 In promoting the above objectives the licensing authority will embrace the principles of:

(a) Fairness and reasonableness to the users of taxis and the trade
(b) Promotion of free trade
(c) Open consultative decision making
(d) Adoption of best practice guidance where applicable, e.g. from the Department for Transport

1.3 In exercising its discretion in carrying out its regulatory functions, the licensing authority shall have regard to this policy document and objectives set out above.

1.4 Despite the existence of this policy, each application or enforcement measure shall be considered on its own merits. Where it is necessary for the licensing authority to depart substantially from its policy, clear and compelling reasons shall be given for doing so.

1.5 When carrying out its regulatory function the licensing authority will do so in accordance with the Corporate Enforcement Policy and will do so in a transparent, accountable, proportionate and consistent way and will target regulatory activities only at cases in which action is needed.

1.6 The aim of the licensing process in this context is to work with the hackney carriage and private hire trade in order to promote the above objectives. It is the licensing authority’s wish to facilitate well-run and responsible businesses.
1.7 This policy first came into effect on the 1 January 2016. During that time it has been reviewed and revised as appropriate.

1.8 Upon implementation of this policy, the licensing authority expects licence holders to comply with its terms immediately, except in regard to certain provisions for which a timescale for compliance has been stated within the relevant section of this policy.

1.9 In drawing up this policy, the licensing authority has consulted with the following:

- Representatives of the hackney carriage and private hire trade
- Cumbria Constabulary
- Cumbria County Council (Schools Contract)
- Cumbria County Council (Highways Authority)
- Vehicle and Operator Services Agency
- Disabled Persons Transport Advisory Committee
- Local businesses and their representatives
- Town centre management
- Regional Transport and General Workers Union Representatives
- South Lakeland District Council Equality and Diversity Officer
- Town and Parish Councils

1.10 Proper weight has been given to the views of all those consulted prior to this policy statement taking effect.

2. Arrangement of sections

2.1 In order to provide clarity for potential applicants for hackney carriage licences or for existing licence holders, this policy document sets out the licensing authority’s expectations, intentions and guiding principles under the following headings:

- Vehicles (Section 3)
- Drivers (Section 4)
- Fares (Section 5)
- Taxi stands (Section 6)
2.2 In relation to private hire licensing, this document sets out the licensing authority’s expectations, intentions and guiding principles under the following headings:

- Operators (Section 7)
- Stretched Limousines and Novelty Vehicles (Section 10)
- Tuk tuk vehicles (Section 11)
- Executive Hire, Chauffeur Services, Airport Travel (Section 12)
- Exempted Vehicles (Section 13)

2.3 The following sections are in relation to both hackney carriage and private hire licensing:

- Offences (Section 14)
- Fees (Section 15)

2.4 Provisions relating to non motorised hackney carriage vehicles (e.g. horse drawn vehicles, rickshaws and trishaws) are set out separately in this document in section 16.

3. Hackney carriage licensing: Vehicles

3.1 Licence application

A hackney carriage or private hire vehicle licence shall only be granted to a new vehicle, if it complies with the age limits contained in section 3.5 of this policy.

Anyone making an application for the grant or renewal of a Hackney Carriage Vehicle Licence shall only do so using the council’s specified application form.

Every application form shall be accompanied by the following documents:

- (a) Vehicle registration document (V5C) or lease document
- (b) Certificate of insurance or cover note showing cover for public or private hire purposes (as appropriate)
- (c) Current MOT certificate issued no earlier than 28 days before the date of application
- (d) Vehicle inspection report, issued no earlier than 28 days before the date of application
- (e) Current licence fee
The council has to be satisfied that all appropriate requirements have been met before it grants a licence. Consequently, the council shall not accept an application without the documents listed at (a) to (e) above. However, the council may waive the requirements in exceptional circumstances where individuals have been unable to apply on time.

‘Exceptional circumstances’ includes unforeseen circumstances, for example where the applicant has been unable to apply due to a significant accident or emergency situation.

‘Exceptional circumstances’ does not include reasonably foreseeable events, such as financial hardship.

On successful application for a licence, the proprietor(s) will be issued with a vehicle licence and licence plate.

The licence and plate shall be issued for a period of one year, subject to successful periodical retesting (see section 3.8).

The licence plate must be displayed in accordance with Appendix A, paragraph 19.

3.2 Environmental considerations

The council fully supports the use of vehicles that use cleaner environmentally friendly fuels, such as hybrid or electric vehicles.

It is considered that efforts should be made, through the licensing policy, to improve, as far as possible, the efficiency of vehicles licensed in the district by, in particular, reducing the levels of C02 emitted.

Appendix A paragraph 17 makes it clear that LPG conversions to vehicles are perfectly acceptable.

Clearly emissions from taxis and private hire vehicles could be reduced further by encouraging better maintenance of vehicles and by switching off engines when stationary or idling, particularly at taxi ranks. This is something which is highlighted in the Code of Good Conduct, and in particular in relation to the responsibilities to residents in Appendix C, paragraph 3.0.

Drivers are reminded that it is an offence to leave the engine running on any motor vehicle that is stationary on a road, other than if it is due to an enforced stoppage of traffic.

3.3 Conditions

The licensing authority is empowered to impose such conditions, as it considers reasonably necessary in relation to the grant or renewal of a hackney carriage vehicle licence. The following represent the minimum standards, which are expected. They should be read in conjunction with conditions for both hackney carriage and private hire vehicles set out in Appendix A and those specific to hackney carriage set out in Appendix K and Appendix X.
3.4 Limitation of number

The licensing authority has no policy to limit the number of hackney carriages, which may be licensed within South Lakeland District Council area. This does not however imply lack of regulation regarding licenced vehicles and drivers as the licensing authorities quality controls are consistently and rigorously applied to both vehicles and drivers.

3.5 Maximum age of vehicle

1) All vehicles, other than wheelchair accessible vehicles, must be less than 5 years old when first licensed as a Hackney Carriage or Private Hire vehicle;

2) No Hackney Carriage or Private Hire vehicle, other than wheelchair accessible vehicles, will be re-licensed after reaching 10 years old;

3) All vehicles that are wheelchair accessible vehicles must be less than 7 years old when first licensed as a Hackney Carriage or Private Hire vehicle;

4) No wheelchair accessible Hackney Carriage or Private Hire vehicle will be re-licensed after reaching 14 years old;

5) Any vehicle may be licensed or re-licensed outside of these age limits, but any such an application must be referred to a Licensing Regulatory Sub-Committee for consideration

3.6 Vehicle size

Vehicles can be licensed to carry up to eight passengers.

3.7 Advertising

Detailed provisions on advertising on vehicles are contained in Appendix K.

3.8 Vehicle testing

All Hackney Carriages and Private Hire vehicles regardless of type shall be tested:

(a) Annually for vehicles up to 3 years old
(b) Every six months for vehicles over 3 years and under 8 years old
(c) Every four months for vehicles over 8 years old

The age of the vehicle shall be calculated from the date of first registration that is recorded on the vehicle registration document V5C.
The test shall be conducted not more than 28 days before the date upon which:

a) the first licence application is submitted,

or;

b) the next vehicle test falls due

The test shall be conducted at a garage that is approved by the council.

The test shall be conducted in two parts;

a) MOT test that is appropriate for that type of vehicle, and;

b) Hackney Carriage/Private Hire Vehicle Inspection.

And a test certificate showing pass or fail shall be issued by the garage for each test.

It is the responsibility of the vehicle proprietor to produce both test certificates, showing they have passed the relevant test to the council:

(a) when the licence application is submitted

or;

(b) before the date upon which the periodical test falls due

Failure to produce the certificates to the council shall result in the immediate suspension of the vehicle licence. Reinstatement of the licence shall only take place when the certificates have been delivered to the council and the council is satisfied that the vehicle meets the criteria to be licensed.

3.9 Livery

There are is a requirement to display the council logo on vehicles. See Appendix A section 19.

4. Hackney carriage and private hire licensing: Drivers

4.1 General

The licensing authority shall not grant a licence to drive a hackney carriage or private hire vehicle unless it is satisfied that the applicant is a fit and proper person.

4.2 Conditions

The licensing authority is not permitted to attach conditions to a hackney carriage drivers’ licence. However, those drivers who are licensed to drive private hire vehicles shall be subject to all those conditions relevant to private hire drivers (Appendix O). All drivers are expected to comply with the Code of Good Conduct, as set out within Appendix C.
4.3 Code of conduct

Hackney carriage drivers are expected to comply with the code of conduct in Appendix C and dress code in Appendix D.

4.4 Age, experience and qualification

Every applicant for the grant of a hackney carriage or private hire driving licence shall:

1) Be at least 18 years of age

2) Show that they are entitled to work in the UK (see 4.5 and 4.6)

3) Have held for at least one year and not be disqualified from holding either;

   (a) A UK driving licence (unrestricted) for group B (including B auto) or;

   (b) An EU driving licence (unrestricted) for motorcars with a Maximum Authorised Mass (MAM) up to 3,500kg with up to 8 passengers seats. The EU driving licence must be registered with DVLA by completing form D9 – Application to Register a Non GB Driving Licence

4) Have no more than six penalty points on their driving licence

5) Submit a mandate permitting the Licensing authority to make ‘online’ enquiries with DVLA for information on the driving record of the applicant.

6) Completed and passed a council approved driving assessment or equivalent such as PVS, ADI, or any other driving test specifically designed for hackney carriage or private hire driver. The applicant must provide a copy of the certificate.

7) Have passed the local knowledge test set by the licensing authority

8) Have a satisfactory DVLA Group 2 medical report

9) Have a satisfactory Disclosure and Barring Service certificate of criminal convictions and cautions

10) Have completed a self-declaration of convictions and cautions

4.5 Authorisations to work in the UK

All applicants shall demonstrate that they are authorised to work in the UK before an application for the grant of a drivers’ licence will be considered. The licensing authority will
operate its application procedures in line with guidance issued by the UK Border Agency.

The council will work in partnership with the UK Border Agency to ensure all drivers are eligible to work in the UK.

Further information on your eligibility to work in the UK can be obtained from www.ukba.homeoffice.gov.uk or www.workpermit.com.

Identification documents may be scanned and forwarded to the Home Office for verification.

4.6 Non UK applicants

All non UK applicants for hackney carriage and private hire licensing are required as part of the licensing process to provide the authority with a “Certificate of Good Conduct” or equivalent document from the appropriate Embassy or High Commission of the country/countries in which they have lived. The certificate must be written in English.

EU applicants must register their EU driving licence with the DVLA by completing form D9 – Application to Register a Non GB Driving Licence.

EU applicants must provide at least one document that is listed in List A or List C of Appendix Y as proof that they are entitled to work in the UK. A licence issued under the authority of documents provided from List C will be limited in duration and will expire on the date that the List C documents expire.

All other non UK applicants must provide at least one document that is listed in List B of Appendix Y as proof that they are entitled to work in the UK.

They must also hold a UK licence (unrestricted) for at least one year before submitting their application.

4.7 Application procedure

An application for a hackney carriage or private hire drivers’ licence shall be made on the council’s specified application form. The application procedure is set out in Appendix E.

4.8 DVLA driver licence check

As part of the Licensing Authority’s fit and proper person test, all applicants must sign a DVLA disclosure mandate, which is valid for a period of three years. The DVLA mandate allows approved licensing authority personnel to access a web based DVLA system in order to check on driving licence entitlements and endorsements.

Applications for the grant of a licence will not be approved until all driving licence entitlement and endorsement data is received by the licensing authority and in accordance with this policy.

A hackney carriage or private hire driving licence may be renewed before the DVLA check can be carried out. However, if the DVLA driver licence record shows that there have been
convictions that place the licence outside of this policy, the application will be referred to a Licensing Regulatory Sub-Committee.

The DVLA mandate will be cancelled if the hackney carriage or private hire driving licence is surrendered.

4.9 Testing of applicants

The licensing authority shall not grant a licence to drive a hackney carriage or private hire vehicle unless it is satisfied that the applicant is a fit and proper person.

In order to determine such fitness, the applicant shall be required to undertake the following:

Written tests of the applicant’s knowledge of:

(a) Local geography
(b) The Highway Code
(c) The hackney carriage and private hire licensing policy, as applicable
(d) Numeracy
(e) Disability Awareness and
(f) Legislation Associated with hackney carriage or private hire vehicle driving
(g) Safeguarding

The procedures in relation to the above are set out in Appendix F.

4.10 The consideration of applications

The licensing authority shall consider the application once the appropriate tests have been undertaken, and the application form and supporting documents are complete. The relevant elements of the procedure to consider the merits of the application are set out in Appendix G.

4.11 Disclosure and barring service (DBS)

Before the licensing authority shall consider an application for the grant of a hackney carriage or private hire drivers’ licence, every applicant must provide an Enhanced DBS certificate of criminal convictions.

The DBS application form can only be obtained from the South Lakeland District Council or Cumbria County Council. The County Council will deal with the application, but the DBS fee shall be paid by the applicant to South Lakeland District Council.

Applicants wishing to renew their hackney carriage or private hire drivers’ licence (see para 4.15 of this section) are required to provide an Enhanced DBS certificate every three years or on an earlier occasion if requested by the licensing authority.
It is the responsibility of the applicant to deliver the original DBS disclosure certificate to the council. Failure to do so will result in the decision to grant the application being delayed.

The DBS disclosure certificate must be less than twelve weeks old from the date of issue, when it is delivered to the council. A further application may be required if the DBS disclosure certificate is more than 12 weeks old when it is delivered to the council.

With the written permission of the applicant, the council will make a copy of the DBS disclosure certificate and retain that copy until it is superseded by a new disclosure certificate. If the applicant wishes to use DBS online checking procedure (see below), the retained copy shall be the point of reference for the council when making further DBS checks. The original DBS disclosure certificate shall be returned to the applicant.

In the case of a licence renewal, the licence will expire on the due date and shall not be renewed until after the DBS disclosure certificate has been delivered to the council. This means that a driver will not be licensed until the application has been dealt with and a new licence has been issued.

Non UK applicants will also need to provide further information about their conduct from countries in which they have lived prior to moving to the UK. For more information, see paragraphs 4.5 and 4.6 of this section.

The authority is bound by rules of confidentiality, and will not divulge information obtained to any third party.

The online Disclosure and Barring Service (DBS) update service allows applicants to keep their DBS certificates up to date and employers to check a DBS certificate. Further information can be obtained from: https://www.gov.uk/dbs-update-service

4.12 Relevance of convictions and cautions

Every applicant is required to declare every conviction and caution (including motoring convictions and fixed penalty notices) they have received when submitting an application for the grant or renewal of a driving licence for a hackney carriage or private hire vehicle. The Rehabilitation of Offenders Act 1974 (Exceptions) (Amendment) Order 2002 provides for this as an exception to the Rehabilitation of Offenders Act 1974.

South Lakeland District Council reserve the right to seek intelligence from all ‘approved sources’ such as the Police, Social Services, Alcohol and Drug Rehabilitation Units, Probation Services, Child Protection Agency, general practitioners etc.

Special attention will be paid to criminal offences involving dishonesty, violence, drugs, alcohol, criminal damage and sexual offences, together with serious offences connected with the driving of motor vehicles.

In particular, applications will be referred to the Licensing Regulatory Sub-Committee where the applicant’s record includes one or more of the following:

- Any terms of imprisonment or custody
• Any convictions for a violent or sexual offence, or dishonesty, which is of a serious nature

• Any serious motoring offence, such as dangerous driving, driving whilst disqualified, or drink driving

• More than nine points have been acquired on their DLVA Driving Licence

Whilst the licence is in force, the licensing authority will receive updates from Police and Courts, of new convictions and cautions for licence holders. This will allow the licensing authority to decide whether action is needs to be taken on the continuation of the licence. It is the responsibility of each licence holder to inform the council of any conviction, caution of fixed penalty arising during the currency of the licence. A criminal record check is required on application, and thereafter every three years.

Any applicant refused a hackney carriage or private hire drivers' licence on the grounds that he/she is not a fit and proper person to hold such a licence has the right to appeal to a Magistrates Court. Such appeal must be made within 21 days of being notified of the licensing authority’s decision.

Guidance in relation to specific offences, along with a summary of the principals of the Rehabilitation of Offences Act 1974, is given in Appendix H. In general terms, the more recent, serious and relevant to public safety the offence, is the less likely that an application will be granted. Each application will be judged on its individual merits.

4.13 Medical examination

Every applicant for a licence to drive a hackney carriage or private hire vehicle must show that they comply with the current DVLA Group 2 standard of medical fitness for professional drivers.

The standard of fitness of the applicant must be reported on the form that is provided by the council. The form must be completed by the applicants GP or GP attached to the same practise and who has access to the same notes of the applicant. The cost of any examination or report associated with this requirement will be paid for by the applicant to the provider of the examination report. The report must not be more than 28 days old when it is presented with the rest of the application paper work.

The standard of fitness report must be completed every three years for persons under the age of 65 and annually for persons aged over 65 years, unless the medical advisor to the licensing authority states that a report is required at a more frequent interval.

The standard of fitness report must be completed on written demand by the licensing authority.

Licence holders must immediately advise the council of any deterioration of their health that may affect their driving capabilities and which may negate their ability to pass a Group 2 medical standard examination. Examples include high blood pressure, angina, diabetes,
vision disorder, fainting, blackouts, drug taking or alcoholism. Where there is any doubt as to the medical fitness of the applicant, the council may require the applicant to undergo and pay for a further medical examination by a doctor appointed by the council.

4.14 Grant of licences

A successful applicant will be granted a hackney carriage and/or a private hire drivers’ licence, as appropriate. The driving licence shall last for three years, or for such lesser period, specified in the licence, as the district council think appropriate in the circumstances of the case.

4.15 Renewals

Application forms, appropriate fees, and supporting documentation, as set out in Appendix E, must be submitted no earlier than 28 days, and no later than three clear working days before the day upon which it expires.

If a driving licence is not renewed by the expiry date, a new application is to be submitted, as outlined in Appendix E.

In instances where the renewal will be late, the applicant must inform the licensing section in writing, before the expiry date. The application may be deferred for a period of 28 days after the expiry date. The licence shall be valid from the date it is issued to the date upon which the licence would have expired, had the application been submitted on the time.

If a licence renewal application is received more than 365 days after the date of expiry, the applicant will need to submit a full application as detailed in Appendix E, this will include the need to show the applicant has passed the ‘local knowledge test’ and has passed a taxi/private hire driving assessment that is approved by the Council.

Applicants for renewal are required to provide an Enhanced Disclosure and Barring certificate from the Disclosure and Barring Service every three years or on an earlier occasion if required by the licensing authority see item 4.11 above for more information.

5. Hackney carriage licensing: Fees

5.1 Prescribed rates

The driver of a hackney carriage vehicle, whether by agreement or otherwise, shall not charge any fare greater that the rate prescribed by the District Council in the document ‘Hackney Carriage Table of Fares’.

5.2 Table of fares

The maximum fares prescribed by the licensing authority are set out in the ‘Hackney Carriage Table of Fares’ document. A table of authorised fares will be provided to each
hackney carriage licence holder and must be displayed in each vehicle so that it is easily visible to all hirers.

5.3 Review

Hackney carriage tariffs will be reviewed on request and in accordance with section 65 of the Local Government (Miscellaneous Provisions) Act 1976.

5.4 Fare tariff criteria

In considering requests to vary a table of fares and in considering any representations received in response to the statutory consultation period of a fare tariff review, the following criteria will be utilised:

- Reasonable and fair to all stakeholders
- Proportionate with the locality
- Benchmarking with other local authorities
- Justified
- Simple, and easily calculated
- Designed with a view to practicality
- In line with published best practice guidance
- Mathematically correct and capable of being entered onto a meter
- Structurally the same for vehicles of different seating capacity
- Designed where possible to avoid either deliberate or accidental over charging

5.5 Charging under the maximum

There are no provisions in the relevant legislation or this policy, which prevent the driver of a hackney carriage vehicle from charging less than the fare shown on the meter.

5.6 Receipts

A hackney carriage driver must, if required by the passenger, provide him/her with a written receipt for the fare paid.
6. Hackney carriage licensing: Taxi stands

6.1 Appointed stands

The licensing authority has appointed stands for hackney carriage within the South Lakeland District Council area, both on public and private land. Appointed stands are listed in Appendix L.

6.2 Waiting on stands

It is an offence for any person to cause or permit any vehicle other than a hackney carriage to wait on any stand for hackney carriages. Drivers of hackney carriages may only wait on a stand whilst plying for hire or waiting for a fare.

6.3 Out of district

Hackney carriages that are licensed by South Lakeland District Council are expected to operate only within the district that is covered by the council.

The council will consider revoking the licence of any hackney carriage that regularly operates outside of the district. In this case ‘regularly’ includes;

a) working for a taxi company that is not based in the district, or
b) working for a private hire operator that is not licensed by this council, or;
c) has come to the attention of the council by way of complaint, or;
d) Any other information that the hackney carriage is operating outside of the district on a regular basis

On the rare occasion that a hackney carriage operates outside of the district, the following must be borne in mind by the driver and proprietor:

a) Hackney carriages that are licensed by South Lakeland District Council must not use a taxi stand (taxi rank) in any other district, and;
b) Hackney carriages that are licensed by South Lakeland District Council must not ply for hire in any other district. Ply for hire means driving around seeking customers and stopping if hailed by a prospective customer.
7. Private hire licensing: Operators

7.1 Requirements for licence

Any person who operates a private hire service must hold a private hire operators’ licence.

7.2 Conditions

The licensing authority has power to impose such conditions on an operators’ licence, as it considers reasonably necessary.

The conditions that are attached to a Private Hire operators’ Licence can be found in Appendix Q.

7.3 Obligations

A private hire vehicle may only be despatched to a customer by a private hire operator who holds an operators’ licence, or anybody authorised by that operator. Such a licence permits the operator to make provisions for the invitation or acceptance to bookings for a private hire vehicle. A private hire operator must ensure that every private hire vehicle is driven by a person who holds a private hire drivers’ licence.

7.4 Application

Application for the grant of an operators’ licence must be:

1. Made on the prescribed form;
2. Provided with proof that the applicant is legally entitled to work in the UK (see section 4.5), and;
3. Accompanied by the appropriate fee.

The licensing authority will decide whether the applicant is a fit and proper person to hold an operators’ licence. If a licence is granted, it shall remain in force for such period, not being longer than five years, as the district council may specify in the licence.

7.5 Address from which an operator may operate

Upon the grant of an operators’ licence, the licensing authority will specify the address from which the operator may operate. The operator shall notify the licensing authority in writing of any change of his/her address, (whether this is a home address or the address from he/she operates) during the period of the licence, within seven days of such change taking place.
7.6 Public liability insurance

Operators who operate from premises which are open to the public, must provide proof that there is in force, a policy of public liability insurance for the premises to a limit of at least £5 million.

7.7 Bases outside the South Lakeland District Council area

The licenses of the operator, vehicle(s) and driver(s) must be issued by this council.

7.8 Parking at an operators’ base

The licensing authority would prefer that the drivers of private hire vehicles (not being hackney carriage vehicles) would, whenever practical, return to their operating bases after completing each hire contact, prior to being despatched on another hiring. For this purpose, the licensing authority would expect a number of parking spaces to be made available at the premises by the operator, so that there is no congestion caused near the premises by vehicles waiting for bookings.

8. Private hire licensing: Vehicles

8.1 Conditions

The licensing authority is empowered to attach conditions on a private hire vehicle that are considered necessary. All applicants granted a private hire vehicle licence must follow the conditions in appendices A and M.

9. Private hire licensing: Novelty vehicles

9.1 A ‘novelty vehicle’ is any vehicle that has been substantially modified. This category includes stretched limousines, fire engines, former military vehicles and any other vehicle has been substantially modified from the base vehicle. An application for a vehicle of this type shall be referred to the Licensing Regulatory Sub-Committee for a decision. Each case will be considered on its own merits.

9.2 Imported novelty vehicles will be required to undergo an Individual Vehicle Inspection (IVI). This inspection is to ensure the vehicle meets the requirements of the European Community Whole Vehicle Type Approval, which is designed to ensure that vehicles meet relevant environmental and safety standards.

Appendix N sets out conditions for novelty vehicles.
10. Private hire licensing: Executive hire, chauffer services, airport travel etc.

10.1 Introduction

Some private hire businesses provide what they refer to as ‘Executive Hire Cars’. Although clearly private hire vehicles, they are often used by companies, firms and hotels to transport visitors, senior members of staff in a more discreet manner, and are perceived as being more akin to a chauffeur driven vehicle than a private hire vehicle.

Private hire licence plates are a statutory requirement and it is South Lakeland District Council’s policy to require signage on private hire vehicles in line with the conditions approved by the Licensing Regulatory Sub-Committee. These measures identify a vehicle as a properly licensed private hire vehicle and avoid confusion with hackney carriages.

However, private hire businesses providing what they refer to as executive hire may wish to apply for exemption from the requirements to display private hire plates and signage because of the nature of their vehicle(s) AND their business. A Licensing Regulatory Sub Committee will determine any such application where this policy cannot be implemented through delegation arrangements.

This document sets out our policy concerning the executive hire exemption referred to above. It is designed to help you to decide whether to make an application for exemption and to guide (but not bind) the Licensing Sub Committee should they need to determine an application.

10.2 The type of work which may be deemed to be executive hire

Examples of the type of work which are considered to be executive hire are as follows:

- Corporate bookings to transport employees and clients on business related journeys
- Other journeys where the client specifically requires a vehicle without any private hire plates or signage on it at the time of booking
- The fact that the hirer pays a higher fee for hiring what may be referred to as an executive hire car (compared to what the hirer may pay for a non-exempt private hire vehicle displaying private hire plates and signage) may be indicative (but not conclusive) that the nature of the business is executive hire and that the exemption may be appropriate.
10.3 Types of vehicles which may be granted exemption

The average person may envisage an executive to travel in a prestige vehicle being of materially higher specification than a standard vehicle. Examples of vehicle types perceived to be prestige from the sample of people we asked were [Mercedes, BMW, Audi, Jaguar and Lexus].

The council do not wish to form a prescriptive list of acceptable vehicles because this may be subjective and also require frequent update. Conversely, the council do not wish to restrict the types of vehicles which may be top of the range and therefore deemed to hold prestige status.

Instead, the council set out a range of general criteria that leaves it open to the private hire vehicle trade to put forward vehicles of its own choice which can be shown to meet the criteria. This will enable flexibility if the circumstances merit it.

The following may be indicative (but not conclusive) that a vehicle is an executive hire car and conditions that relate to executive hire therefore apply:

- Engine size of 2000cc or greater
- Each seat is of adequate dimension and permits direct access into and out of the side doors of the vehicle without the need to move, remove or fold down any seat. Vehicle types which are capable of seating more than four passengers will be considered for the exemption but will only be licensed for, in the opinion of the authority, the number of passengers who can travel comfortably. This consideration relates to the level of comfort that the average person may believe an executive hire car should afford
- Evidence to show that the vehicle is a prestige or top of the range as represented by the vehicle manufacture
- Relevant considerations as to whether a vehicle is an executive hire car include but are not limited to cost, reputation, specification, appearance, perception and superior comfort levels
- The vehicle has a minimum specification of air conditioning/climate control, all electric windows, central locking and suitable front and rear headrests for each passenger
- Vehicles will need to fulfil the current age requirements for private hire vehicles
10.4 Exemptions to executive hire

Private hire vehicle owners who undertake only executive hiring and wish their vehicles to be exempt from the need to display a licence plate and identifying signage need to apply for exemption which would be granted by way of an exemption certificate.

There is no longer any exemption for a vehicle from licensing where it is used only for carrying passengers for hire or reward under a contract for the hire of the vehicle for a period of not less than seven days. The abolition of a previously existing exemption, by the way of The Road Safety Act 2006, Section 53 requires all such vehicles to be licensed as private hire vehicles and drivers of such vehicles must hold a private hire vehicle licence. In general the following vehicles, if they seat up to eight persons will now need a private hire vehicle licence:

- Stretched limousines
- Executive hire
- Chauffer services
- Airport transfer services
- Hotel cars
- Club & pub transport
- Courtesy services where passengers are driven
- Some hospital car services and school car services – if they are used for both patient transfer and social events

If you are in any doubt as to whether you need a private hire vehicle licence or not, you should contact the licensing team.

Refer to Appendix O for vehicle and driver conditions.

11. Private hire licensing: ‘Tuk tuk’ vehicle

11.1 General

These conditions apply exclusively to the ‘tuk tuk’ vehicle.

A tuk tuk vehicle is also known as an auto rickshaw, three wheeler, samosa, tempo, trishaw, is a three-wheeled cabin cycle for private use as a vehicle for hire. It is a motorised version of the traditional pulled rickshaw or cycle rickshaw.
11.2 Application procedure – Driver

An application for a ‘tuk tuk’ vehicle must include the following:

(a) A completed application form*
(b) Current UK driving licence and DLVA counterpart if available
(c) Disclosure and Barring Service (DBS) enhanced check application form* and supporting documentation
(d) Statutory declaration of convictions and cautions*

12. Private hire licensing: Exempt vehicles

12.1 Introduction

There are a range of vehicles that could fall within the definition of a private hire vehicle. In deciding what is and what is not a private hire vehicle, South Lakeland District Council will take a balanced view of the facts of any one case, taking into account any relevant case law and the ‘Department for Transport Private Hire Vehicle Licensing – A Note For Guidance from the DFT’.

The following vehicles are exempted from the private hire vehicle licensing regime.

12.2 Funeral vehicles

No licence is required for a vehicle being used in connection with a funeral, or is being wholly or mainly used by a person carrying on the business for a funeral director for the purpose of funerals.
12.3 Wedding vehicles

A vehicle does not need to be licensed while it is being used in connection with a wedding. Where a person “providing a wedding service” claims an exemption, he/she is required to obtain a written certificate for the exemption from the licensing authority. Such written certificate will restrict the vehicle and driver use to wedding contracts.

12.4 Volunteer drivers

Volunteer drivers are unlikely to need to obtain a private hire vehicle licence if they do not receive payment of the use of their time and vehicle, other than the reimbursement of reasonable expenses.

12.5 Child minders

Child minders transporting children in their care to school are unlikely to need a licence, unless there is a specific requirement in their contract with the family for the provision of transport in return for the payment provided.

12.6 Ambulances/vehicles operating as formal patient transport services

Drivers operating these types of vehicles are unlikely to need a licence provided they carry patients who have been assessed as having a medical need for transporting, are subject to the laws of patient confidentiality and driver training and background checks have been carried out under the Patient Transport Service Scheme.

If you are in any doubt as to whether you need a private hire vehicle licence or not, you should contact the licensing team.

13. Hackney carriage and private hire licensing: Hearings and enforcement measures

13.1 Aim of intervention

The licensing authority will operate a firm but fair disciplinary and enforcement regime. With a view to balancing the promotion of public safety with the need to permit individuals to safeguard their livelihood without undue interference. The licensing authority will only intervene where it is necessary and proportionate to do so, having regard to the objectives outlined in section 1.

The authority will regulate the trade in accordance with the regulators code published by the Better Regulation Delivery Office and with principles set out in the Corporate Enforcement
Policy. The general principles of proportionality, consistency, transparency and targeting of regulatory activities only at cases in which action is needed.

13.2 Range of powers

The licensing authority seeks to operate as far as possible a graduated enforcement approach.

The licensing authority may take any of these steps below, upon receipt of evidence that an offence has been committed in relation to a hackney carriage vehicle/drivers’ licence or private hire driver/vehicle licence. A breach of a condition or of the hackney carriage and private hire licensing policy amounts to an offence in this context.

- Suspension of a licence
- Revocation of a licence
- Refusal to renew a licence
- Issuing of warnings
- Imposition of further conditions
- Prosecution
- Referral to an enhanced drivers course

13.3 Hearings

Any driver or vehicle found in breach of this policy, or found convicted of offences listed in Appendices H and J will be referred to a Licensing Regulatory Sub-Committee of the licensing authority. The function of the appropriate Licensing Regulatory Sub-Committee is detailed in Appendix I.

13.4 Suspensions

Vehicles

Hackney carriage and private hire vehicles shall be kept at all times in an efficient, safe, tidy and clean condition. Compliance with the vehicle conditions is essential, and will be enforced by periodic, random vehicle inspections by the licensing authority.

Where is found that any hackney carriage is not being properly maintained, a defect(s) notice will be served on the proprietor setting out the defect(s), and where public safety is at risk, the further use of the vehicle is suspended until the defects have been remedied. The suspension will not be lifted until the vehicle has undergone a further test, at the proprietor’s expense, and has been passed as fit for use as a hackney carriage.
Vehicle suspension for any reasonable cause

Where an annual vehicle licensing inspection is not provided by a proprietor following requests by the licensing team vehicles are likely to be suspended until a test is provided.

Where there is considerable damage to a vehicle which despite not affecting public safety, seriously affects the appearance of a vehicle, a suspension is likely until the satisfactory works are completed.

Drivers

The licensing authority may exercise its discretion to suspend the operation of a drivers’ licence once all the evidence has been collected and considered. The decision to suspend may be taken only after a hearing before the appropriate Licensing Regulatory Sub-Committee.

13.5 Revocations

An authorised officer may revoke, with immediate effect, a drivers’ licence if deemed necessary in the interests of public safety. Where a licence holder has been referred to the appropriate Licensing Regulatory Sub-Committee because he/she has been convicted of a serious criminal offence (e.g. those highlighted in section 4) the Licensing Regulatory Sub-Committee may order the revocation of the licence.

13.6 Refusal to renew

As an alternative to revocation, the Licensing Regulatory Sub-Committee may decide that the appropriate action, in a situation where the licence is shortly to expire, is to order that the licence will not be renewed.

13.7 Prosecution

The licensing authority will usually prosecute licence holders for relevant offences in the following circumstances:

- Where the allegation is of a serious or repeated offence
- Where prosecution is in the public interest
14. Hackney carriage and private hire licensing: Offences

14.1 Offences

Offences in relation to hackney carriage and private hire licensing are derived from the following sources:

- The Town Police Clauses Act 1847
- The Local Government (Miscellaneous Provisions) Act 1976
- The Transport Act 1980
- The Disability Discrimination Act 1995 (as amended)
- The Equality Act 2010

Any expense involved in producing such a certificate shall be met by the applicant or licence holder.

A ‘clear working day’ is any day except Saturday, Sunday, Bank Holiday or the day upon which the licence expires.

16.2 Application procedure: proprietor

Non-motorised vehicles can only be issued with hackney carriage licences, and cannot be licenced for private hire due to the fact that a private hire vehicle is defined as a ‘motor vehicle’. Before a non-motorised hackney carriage licence is granted, the authority must be satisfied that the vehicle is fit for purpose. In ascertaining whether the vehicle is fit, the proprietor will need to produce evidence of the following:

The licence plate/disc shall remain the property of the council and shall be returned to the South Lakeland District Council’s licensing section, if the proprietor no longer holds a licence issued by the council, which is in force in respect of the vehicle (whether by reason of expiry or revocation). After the expiry date on any hackney carriage or private hire licence, that licence is no longer valid and any badge or vehicle plate must be returned to the council immediately. All licence plates must be returned before a new plate is issued.

This condition shall not preclude the transfer of any interest in the licensed vehicle as part of the transfer/sale of the business to a new owner.

All applications received after the date of expiry will be treated as a grant and not a renewal, and the appropriate conditions and fees for a grant will then apply.

21.0 Inspections

21.1 The hackney carriage and any taximeter fitted to the vehicle may be inspected by an authorised officer of the council or police constable at any reasonable time. If the officer or constable is not satisfied as to the fitness of the vehicle or the accuracy of the taximeter, s/he may give written notice to the proprietor to make the hackney carriage or taximeter available for further inspection and testing, at such reasonable time and place as may be required. The vehicle licence may be suspended until the officer or constable is satisfied as to the vehicle's fitness or as to the accuracy of the taximeter. If the officer or constable is not so satisfied within two months from the initial inspection, the hackney Carriage licence shall be deemed to be revoked.

21.2 Notwithstanding the provisions of condition 21.1 above, the proprietor shall present the vehicle for inspection on receipt of a written request by an authorised officer of the council. The number of inspections shall not exceed three in any period of twelve months and the current fee for inspection shall be paid on presentation of the vehicle.

23.2 In addition to information regarding the proprietor’s/operators’ own business, signs displayed on the rear doors/sides of hackney carriage or private hire may also include advertising relating to another organisation or business. However the predominant feature of the sign must be advertising of the proprietors own business and any further advertising relating to any other business must be incidental to that.

23.3 Signs displayed on the rear doors/sides of hackney carriage or private hire vehicles may include details of fare scales charged by the proprietor/operator.

23.4 In addition to the above arrangements:

(iii) a private hire vehicle licensed to carry eight passengers may also display one sign advertising the operator’s business name and telephone number etc on the rear tailgate of the vehicle. Such a sign shall not exceed 122cm x 31cm.

23.5 As an alternative to the above, the proprietor may, if so desired display advertising wholly relating to a non-taxi business subject to the following conditions:

24.0 Transfer of licences of change of details

24.1 Each licence is assigned to a specific vehicle. The licence shall not be transferred to a new vehicle, until the new vehicle has been inspected, tested and approved by the council. A fee will be charged for this.

24.2 The ownership of a licence may only be transferred to another person or persons with the written consent of the council. A fee will be charged for such a transfer.

24.3 The council shall be informed immediately in writing of any changes to the name and address of the licence holder or any of the details of the vehicle to which the licence has been issued.

24.4 If any of the particulars supplied in the proprietor’s application change during the currency of the licence, details of the change(s) must be notified in writing to the licensing section immediately.

25.0 General

25.1 The council may alter any of these conditions as it sees fit, and will notify the proprietor of any changes to the conditions. The changes will come into effect as soon as the proprietor has been notified of them.

Please note:

Any amount of alcohol or drugs can affect a driver’s judgement. The council will take a very serious view of any driver being found to have had any alcohol or having misused any drugs whilst in charge of a licensed vehicle.

5.0 Notifications

5.1 Upon ceasing employment as a licensed driver, the licence–holder must notify the licensing team in writing, within seven days, and surrender the licence and badge issued by the council together with the plate when appropriate.

5.2 The driver must notify the licensing team in writing within seven days of, of any change of address.

6.0 Lost property

6.1 Immediately after the termination of every hiring, drivers must carry out a search of their vehicle for property that may have inadvertently been left.

6.3 Drivers should notify the Licensing Authority of any found property as soon as is reasonably practicable and in any event within 48 hours. The driver will have fulfilled this obligation by reporting the found property;

a. In person to the Licensing Office on Lowther Street, Kendal, or;

b. By telephone to 01539 793405 (voicemail out of hours), or;

c. By sending an email with a description and/or photograph of the property to: taxis@southlakeland.gov.uk

7.0 Carriage of Animals

7.1 A driver must carry assistance dogs when necessary unless the driver is in possession of a medical exemption certificate.

7.2 A driver must not carry any animal in the vehicle unless the animal belongs to the hirer.

7.3 Animals in the custody of passengers may be carried, at the drivers’ discretion, provided they are restrained in a safe manner.

7.4 Any licensed driver with a medical condition, which may be exacerbated by dogs, may apply for exemptions from this condition. A certificate of exemption is supplied on production of suitable medical evidence.

8.0 Safeguarding

On occasions, drivers may become aware of, or have suspicions that, their passengers may be the victim of abuse, neglect or exploitation either sexual or otherwise, or at risk of
becoming a victim. In addition, drivers themselves may be accused of misconduct or inappropriate behaviour through their actions or conversation.

Therefore, South Lakeland District Council is proposing to introduce this **Code of Conduct** which is aimed at providing the best possible service by protecting both passengers and drivers. This ensures that concerns, suspicions of abuse, neglect or exploitation can be reported appropriately and minimise the risk of misunderstandings.

Drivers are expected to comply with this Code of Conduct. Failure to do so may result in the driver being referred to the Licensing Regulatory Sub-Committee to explain the circumstances surrounding any incident. In the event of a repeated and/or serious failure to comply, drivers can expect that consideration will be given to the suspension or revocation of their licence.

It should be noted that the code does not override any obligations that are enshrined in legislation, licence conditions or contractual obligations, such as County Council contracts.

**Drivers should:**

- Act in a professional manner at all times
- Treat passengers and other road users with respect
- Keep relationships with passengers on an appropriate, professional basis
- Respect all individuals: regardless of age, disability, gender, sexual orientation, gender reassignment, religion/belief, language spoken, race or ethnicity

**And be aware of:**

- Safety and wellbeing of passengers must be paramount
- The importance of the use of appropriate language
- Be aware of the vulnerability of children and adults
- Be aware of passengers with special needs
- Any instruction given about the care or first aid requirements of a passenger
- Personal beliefs and standards, including dress and religion
- Passengers misreading situations
- The use of social networking sites such as Facebook and Twitter. These are public websites and therefore passengers conveyed may access a Driver’s site. Ensure you use the appropriate privacy settings to avoid passengers viewing your social media sites
Drivers should never:

- Become over friendly or unprofessional in any way with passengers or engage in any form of inappropriate relationship, infatuation or show favouritism
- Inappropriately touch a passenger, unless in an emergency situation, or if required to do so because of the additional needs of the passenger
- Administer medication unless a specific request has been made by the hirer
- Photograph or video passengers in your care unless used in compliance with data protection legislation and any relevant codes of practice issued by the Home Office or Information Commissioner’s office
- Engage with passengers through social networking sites (such as Facebook and Twitter), instant messengers or any other online communication software such as mobile phone applications or video games (other than for clear and obvious business connections)
- Phone or send text messages to passengers other than directly concerning the hiring of your vehicle
- Swear, make personal/humiliating comments, or tell inappropriate jokes in person or by any other means e.g. social media
- Offer cigarettes or gifts of any sort
- Stop anywhere other than the specified pick up/drop off points unless requested by the hirer
- Show passengers videos or pictures on your mobile phone or any other electronic device

Safeguarding:

If a driver has concerns or suspects abuse, neglect or exploitation of a passenger then these should not be ignored. If there are any suspicions or concerns about the way someone is being treated it is important to report this. The safeguarding of children and vulnerable adults is everybody’s responsibility. Remember that your information could help a vulnerable child or adult.

If a driver is working under a Cumbria County Council contract then their documents and guidance procedures should be followed alongside any training received by the driver.

Otherwise, the following procedures should be complied with in reporting any information or suspicions you may have of anyone being subject to abuse, neglect or exploitation:
**Action to be taken if you have concerns:**

- If your concerns are of an urgent matter or you believe that a crime has been committed and there is an immediate risk of danger, telephone the police on **999** or **112**
- If you are suspicious or are concerned that a child or an adult is suffering or is likely to suffer significant harm, including any form of mistreatment, abuse, neglect or exploitation but it is not of an urgent matter, please call South Lakeland District Council Licensing Team on 01539 733 333
- If you would prefer to speak to the police on a non-urgent matter then call them on **101** and follow the directions for Cumbria Constabulary

**Appendix D: Dress code for licensed drivers**

South Lakeland District Council is committed to encouraging the professional image of the hackney carriage and private hire trade, and considers that drivers of licenced vehicles are vocational drivers. The council considers, therefore, that all drivers should conform to a minimum standard of dress, as set out below, in order to raise the profile of the trade.

The licensing authority does not impose such standards by the way of conditions to any licence. It is expected, however, that such standards shall be maintained at all times.

**Acceptable standards or dress**

1) **Tops**

Shirts, blouses, t-shirts, or sweat tops should cover the shoulders and be capable of being worn inside trousers or shorts.

Shirts or blouses can be worn with or without a tie.

2) **Trousers/shorts/skirts**

Shorts should be tailored.

It is recommended that female drivers do not wear short skirts for personal safety reasons.

3) **Footwear**

Footwear should fit around the heel of the foot.
Safety shoes with protected toe-caps are recommended.

Footwear with pronounced heels is not recommended.

Unacceptable standards of dress

The following are unacceptable:

- Clothing or footwear which is unclean or damaged
- Clothing printed with words, logos or graphics, which might offend
- Studs or sharp-edged clothing
- Beach-type footwear (e.g. flip-flops)

Appendix E: Hackney carriage and private hire drivers’ licences: application procedure

1.0 An application for a hackney carriage drivers’ licences or private hire drivers’ licence may be made at any time of the year. Applications are to be made on the prescribed application form.

2.0 Applicants must have held a full driving licence for a period of at least one year and passed those qualifications listed in Section 4.4.

3.0 Applicants are required to comply with those testing procedures outlined in Appendix F.

4.0 In support of completed application form, the applicant must provide the following, prior to the application being processed:

   (i) A signed DVLA disclosure mandate; (non UK applicants must register their non UK licence with the DVLA: see section 4.4 of this policy)
   (ii) Enhanced DBS application form, which shall be obtained through the licensing authority; (non UK applicants must also provide a “Certificate of Good Conduct”: see section 4.6 of this policy)
   (iii) The specified fee
   (iv) A medical report form (see section 4.13 of this policy
   (v) A passport sized photograph taken in the last three months
(vi) All applicants must provide evidence of their right to work in the UK
(vii) Local knowledge test certificate
(viii) A driving assessment certificate that has been approved by the council

Failure to provide the above will result in the application not being processed.

Appendix F: Testing of applicants

1.0 Introduction

Applicant for hackney carriage and private hire drivers’ licences will be required to undergo written tests as part of the process of satisfying the council that they are suitable persons to hold such a licence. In addition, the council needs to be satisfied as to the medical fitness of applicants seeking a licence.

2.0 Local Geography

Applicants will be tested on their knowledge of South Lakeland District Council geography, by recording the shortest routes between locations in the area. Private hire drivers are not required to undertake and pass a test with respect of local geography because journeys taken will always be pre-booked.

3.0 Highway code

Applicants will be asked to answer a number of questions as to driving skill, road information and etiquette as set out in the Highway Code.

4.0 District Council Policy

Applicants will be tested on their knowledge and understanding of the hackney carriage and private hire licensing policy document.

5.0 Numeracy

Applicants will be tested on their ability to carry out elementary mental arithmetic, as encountered in calculating the change to be paid to a potential customer who overpays a fare.

6.0 Disability awareness

All applicants will be tested on their knowledge on the carriage of assistance animals and interaction with disabled customers.
7.0 Safeguarding

Applicants will be tested on their understanding and awareness of safeguarding. The local authority will also include some questions on safeguarding.

8.0 General

Questions covering vehicle maintenance, seat belts, smoking.

A maximum number of three attempts has been imposed for which applicants (for the grant of a hackney carriage/private hire drivers licence) are able to undertake the council’s tests (numeracy, highway code, local geography and council Policy), after which there will be a minimum period of six months before any new testing may take place. Applicants will not be considered to be fit and proper to hold a licence unless or until they have achieved the requisite pass rate 75% in the test. If any safeguarding questions are failed, irrespective of overall pass rate, the test result will be a fail.

Appendix G: The consideration of applications

1.0 Upon receipt of completed application form, a licensing officer will consider the application, unless there are details which are missing from the application form, or the supporting documents are incomplete. Where the application is incomplete, it will not be considered until all of the missing details or documents are supplied.

2.0 Where the application fails to meet the requirements of this policy it will be referred to the Sub-Committee of the Licensing Regulatory Committee. The applicant will be advised of the date, time and venue of the Licensing Regulatory Sub-Committee.

3.0 At the Licensing Regulatory Sub-Committee meeting, the council members present will receive a report from the licensing officer, and will then hear representations from the applicant, and may ask any questions of the applicant, before deciding upon whether a licence should be granted. The applicant will be told of the outcome immediately, and this will be confirmed in writing within seven days.

Drivers

4.0 If satisfied, from the information available that the applicant is a fit and proper person to hold a hackney carriage and private hire drivers' licence, the Officer has delegated power to grant the application.

5.0 Successful applicants will be notified in writing, and issued, with the appropriate licence. Those who are granted drivers' licence will be issued with the drivers' badge, which will remain the property of the council and must be surrendered when the licence is suspended, revoked or has expired.
6.0 Unsuccessful applicants will be informed of their right to appeal against the decision to the magistrates’ court within 21 days of being informed of the refusal of the application.

Vehicle

7.0 Unsuccessful applicants will be informed of their right to appeal against the decision to the magistrates’ court within 21 days of being informed of the refusal of the application.

Appendix H: The relevance of convictions

The following guidelines are used to determine the relevance of the criminal convictions in relation to applications for hackney carriage and private hire drivers’ licences. In so stating, this licensing authority has taken account of the guidelines set out in DOT Circular 2/92 and HO Circular 13/92, and modified them as appropriate for its needs.

General policy

Formal cautions and endorsable fixed penalties shall be treated as though they were convictions.

All convictions shall be considered on merit, having regard to paragraph 4.11 of Section 4 and will be weighed against the need to protect the public.

A person with current convictions for serious crime need not be permanently barred from obtaining a licence but should be expected to remain free from conviction for 3 to 5 years according to the circumstances before an application is entertained. Such discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However the overriding consideration should be protection of the public.

The following examples afford a general guide to the action to be taken where convictions are admitted.

1.0 Minor traffic offences

1.1 Isolated convictions for minor traffic offences e.g. obstruction, waiting in a restricted street, speeding etc., should not normally prevent a person from being granted a licence.

1.2 If an applicant has accumulated excessive points i.e. more than three points, at any one time the application will be reviewed by the principal officer. A decision will be made whether the application needs to be heard by the Licensing Regulatory Sub-committee.
1.3 Convictions relating to minor driving offences committed when the applicant was driving a hackney carriage or private hire vehicle will be considered in a more serious light.

2.0 Major traffic offences

2.1 More than one conviction for driving without due care and attention or similar offence etc., within the last two years will usually merit refusal and normally no further application will be entertained until a period of at least three years free from convictions has elapsed.

2.2 A conviction for more serious motoring offences such as causing death by dangerous, careless driving or manslaughter will be treated more seriously and a longer period free of conviction (normally a period of between five and ten years) will be required before an application is entertained.

2.3 If an applicant has been disqualified from driving, a period of at least 12 months (after the restoration of the driving licence) should normally be required before an application is entertained.

2.4 A conviction committed when the applicant was driving a hackney carriage or private hire vehicle whilst engaged on licensed activities will be considered in a more serious light and a much longer period of rehabilitation will need to be demonstrated before a licence application will be entertained.

3.0 Drunkenness and drugs

3.1 With a motor vehicle

3.1.1 A serious view will be taken of convictions of driving or being in charge of a vehicle under the influence of drink or drugs. A conviction for these offences will raise grave doubts as to the applicant’s fitness to hold a licence. A period of three years (after restoration of the driving licence) would normally be required before a licence application is entertained.

3.1.2 If there is any suggestion that the applicant is an alcoholic or has a drug problem, a medical examination with a doctor nominated by the council will be arranged (the costs of which will be borne by the applicant) before an application is entertained. If the applicant is found to be an alcoholic or a drug addict, normally a period of between five to ten years will need to elapse after completion of treatment before a further licence application is entertained.

3.1.3 Convictions for offences relating to alcohol or drug abuse commissioned when the applicant was driving a Hackney Carriage or Private Hire will be considered in a more serious light and a much longer period of rehabilitation will need to be
demonstrated before a licence application will be entertained.

3.1.4 In this instance confirmation may be sought from a doctor nominated by the council that the rehabilitation programme has been effective.

3.2 Not in a motor vehicle

3.2.1 An isolated conviction for drunkenness or drugs need not debar an applicant from gaining a licence, although further consideration of the application should be required having regard to the circumstances of the offence. However, a number of convictions would usually merit refusal and normally no further application will be entertained until a period of at least 3 years free from convictions has elapsed.

4.0 Indecency offences

4.1 As Hackney Carriage and Private Hire Vehicle drivers often carry unaccompanied passengers, applicants with convictions for sexual offences will normally be refused until they can show a substantial period free of such offences.

4.2 Applications will be refused in cases where the applicant remains on the Sex Offenders Register.

4.3 A conviction relating to offences of indecency committed when the applicant was driving a Hackney Carriage or Private Hire Vehicle will be considered in a more serious light and a much longer period of rehabilitation will need to be demonstrated before a licence application will be entertained.

5.0 Violence and abusive behavior

5.1 As Hackney Carriage and Private Hire Vehicle drivers maintain close contact with the public, a firm line will be taken with applicants who have convictions for violent or abusive offences. This category includes public order offences and criminal damage.

5.2 At least five years free of such convictions will normally be necessary before an application is entertained and even then a strict warning as to future conduct will be given.

5.3 A conviction for an offence relating to violence committed when the applicant was driving a hackney carriage or private hire vehicle will be considered in a more serious light and a much longer period of rehabilitation will need to be demonstrated before a licence application will be entertained.

6.0 Dishonesty

6.1 Hackney carriage and private hire vehicle drivers are expected to be persons of
trust. The widespread practice of delivering unaccompanied property is indicative of the trust that business people place in drivers. Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare, etc. Foreign visitors can be confused by the change in currency and become “fair game” for an unscrupulous driver.

6.2 For these reasons a serious view will be taken of any conviction involving dishonesty. Normally, a period of three to five years free of conviction will be required before entertaining an application.

6.3 A conviction for an offence relating to dishonesty committed when the applicant was driving a hackney carriage or private hire vehicle will be considered in a more serious light and a much longer period of rehabilitation will need to be demonstrated before a licence application will be entertained.

7.0 Offences under the Town Police Clauses Act 1847 and Part II of the Local Government (Miscellaneous Provisions) Act 1976 and any Hackney Byelaws (Taxi legislation)

7.1 One of the main purposes of the licensing regime set out in the taxi legislation is to ensure the protection of the public. For this reason, a serious view will be taken of convictions for offences under the legislation, particularly offences of illegal plying for hire, when deciding if a person is a fit and proper person to hold a licence.

7.2 In particular, an application will normally be refused where an applicant has more than one conviction for an offence under the taxi legislation in the five years preceding the date of the application.

7.3 A conviction for an offence relating to the taxi legislation committed while licensed as a hackney carriage or private hire driver, proprietor or operator will be considered in a more serious light and a revocation of the appropriate licences may be instigated.
Principles of the Rehabilitation of Offenders Act 1974

(1) Under the 1974 Act, criminal convictions can become spent after a certain period of time, and once spent, for many purposes, can be disregarded completely.

(2) The possibility of rehabilitation and the length of time before rehabilitation and the length of time before rehabilitation occurs depend on the sentence imposed, and not the offence committed.

(3) Where a person is sentenced to imprisonment for a period exceeding 30 months, the conviction can never become spent.

(4) Despite the above, the principles of the Act do not apply to applications for hackney carriage and private hire drivers’ licences. This is because the driving of taxis is listed as a “Regulated Occupation” in relation to which questions may be asked to the suitability of individuals to be granted a licence.

(5) Although the act does not prevent judicial authorities (inclusive of the licensing authority) from taking spent convictions into account; such convictions are only admissible in so far as they are relevant to the issue as to whether the applicant is a fit and proper person to hold a licence.

(6) The determination as to whether certain convictions are spent, therefore, may be a relevant exercise.

(7) The rehabilitation periods to which reference is most commonly made are set out below. For detailed commentary on the periods of rehabilitation applicable to all sentencing options, reference will need to be made to specialist text book on the act.

Appendix I: Hearings

Introduction

Meetings of Licensing Regulatory Sub-Committee will be convened, as and when necessary, to consider appropriate disciplinary measures involving proprietors, operators and drivers, wherever they have been convicted of offences before the courts, where the offence or offences are imprisonable, endorseeable, or specifically relate to the use of a hackney carriage or private hire vehicle, or where action has been taken as a result of breaches of policy, conditions imposed under a licence, bylaws or legislation. The purpose of such meetings shall be for the Licensing Regulatory Sub-Committee to consider which, if any, of the options available should be implemented.

The options available

The Licensing Regulatory Sub-Committee, after the details of the referral have been outlined, and the licence holder has been given the opportunity to address the hearing, may order one of the following:

- Suspension of the licence
- Revocation of the licence
- A refusal to renew the licence
- The imposition of further conditions
- Referral to enhanced drivers’ course
- No further action to be taken

The Licensing Regulatory Sub-Committee may also recommend that the licensing officer considers a prosecution of licence holders, in circumstances where there are persistent or serious breaches of conditions, which have not been dealt with otherwise.

Where a licence holder appears before a Licensing Regulatory Sub-Committee having been convicted of an offence in a category referred to in Appendix H, the sub-committee will adopt an approach similar to the one which it would adopt in relation to a new applicant as regard the offence or offences recorded.

10 The council may alter any of the conditions attached to the operators’ licence as it seems fit and will serve notice on the operator of these alterations. The alterations will come into effect as soon as the operator has been notified of them.

11 Any notice which the council has to serve under the Local Government (Miscellaneous Provisions) Act 1976 in respect of this licence will be considered to have been correctly served if sent by prepaid post to, or left at, the last known address of the operator.

12 The operator’s licence shall be in force for five years, unless it is suspended or revoked, or for such lesser period, specified in the licence, as the district council think appropriate in the circumstances of the case.

Appendix R: Non-motorised vehicles: horse drawn carriages: driver and vehicle conditions

1 Non-motorised hackney carriages are exempted from requirement contained in Appendix K, Section 2.0 and 3.0.

2 The driver shall comply with the competency standard specified in 15.1 and 15.2 of this policy.

3 The driver shall comply with the standards detailed in Appendices C and D of this policy.

4 Those persons granted a licence to solely drive a non-motorised hackney carriage are issued a joint hackney carriage and private hire drivers’ licence, a specified condition of which is that the driver may only drive a non-motorised vehicle (i.e. a horse drawn carriage) and no other type of licensed vehicle.

5 The licence holder shall be responsible for the safe handling and proper care of the horses employed in the operation of the licensed vehicle.
6 The licence holder shall be responsible, when in charge of the vehicle, for the collection and satisfactory hygienic disposal of horse excrement, as soon as reasonably practicable after the horse excrement has been deposited.

7 Any change in the physical condition of the horse must be notified in writing to the licensing team.

8 The licence holder shall not while standing, plying or driving for hire, drive or allow to be driven, or harness or allow to be harnessed to the carriage any animal in such condition so as to expose any person conveyed or being in such carriage, or any person traversing any street, to risk or injury.

9 The licence holder shall ensure that every part of the harness of the horse or horses is kept in order, so that the horse or horses are properly and securely attached to the carriage and under control.

10 Licence holders shall examine the horse/s harness and carriage carefully at the start of each day’s work and assure themselves that everything is in good condition and in proper order.

11 License holders shall not, in any street, feed or allow to be fed any horse harnessed or otherwise attached to such carriage, except with food contained in a proper bag other receptacle suspended for the head of such horse, or from the centre pole of the carriage, or with food from the hand of the person feeding the horse.

12 Drivers of horse drawn carriages must produce evidence to the authority that they are competent to drive horses in harness. Certificate to British Driving Society (BDS) level 3 Road Driving Safety Qualification for Pairs and Singles is required. For grooms the standard is BDS Level 2 Unit Certificates for the Harness Horse Groom. The council will consider alternative qualifications that are to be the equivalent standard. Any expense involved in producing each certificate shall be met by the applicant or licence holder.

13 No horse shall be harnessed to, or used in connection with the vehicle hereby licensed unless, within the preceding twelve months, an approved Royal College Veterinary Surgeon has examined the horse and issued a certificate of fitness. Horse passports and veterinary certificates for those horses to be used must be provided on application for a licence, and for any additional horses certificates shall be delivered to the licensing authority immediately.

14 No horse shall be in harness for more than seven hours in any one-day and if in harness for seven consecutive hours, shall during that period have a break of not less than one hour and shall be fed and watered.
15 A horse in which in any one day is harnessed to, or used in connection with a licensed hackney carriage shall not be used at any time during that day for any other purpose.

16 Veterinary paper relating to the horse in harness should be available for inspection on request by an authorised officer.

17 The proprietor shall at all times comply with the requirements of Department of Transport’s Code of Practice for Horse Drawn Vehicles.

18 No horse under six years of age, mare in foal or within three months of foaling shall be used for the purpose of a hackney carriage.

Licences and Livery

19 A horse drawn hackney carriage licence shall be valid for 12 months from the date of issue.

20 The hackney carriage licence, licence plate and internal hackney disc shall be issued upon the grant of a licence.

21 The licence plate must be securely fixed to the rear of the horse drawn carriage. It must be fixed in such a position that it is clearly visible to road users.

22 The licence plate/disc shall remain the property of the council.

23 The licence plate shall be returned to the licensing authority when the licence:

(i) Expires, or;
(ii) Is suspended, or;
(iii) Is revoked

24 The licence plate must be returned to the licensing authority before a new licence plate is issued.

25 An expired licence cannot be renewed. An application for the grant of a new licence must be submitted.

26 The internal hackney disc shall be displayed within the seated area of the carriage.

27 Every lost, damaged or illegible licence plate or badge shall be reported to the council immediately. A duplicate licence plate or badge will be issued at the expense
of the licence holder. The vehicle shall not be used for hire until the licence plate or badge has been replaced.

28 The licence holder shall not transfer or intend to transfer any interest in the licenced vehicle (hiring or leasing the vehicle). If the proprietor does not wish to retain the vehicle licence they must immediately surrender and return the vehicle licence and the licence plates to the council. This condition shall not preclude the transfer of any interest in the licenced vehicle as part of the transfer/sale of the business to a new owner.

29 An application for renewal cannot be made after a licence has expired. In this instance a full application must be made.

Note: Horse drawn hackney carriages vary in size and weight. These vehicles, depending on their size, can be licensed to carry up to eight adult passengers in addition to the driver and groom. They can be used in varying weather conditions during the day and night. The Department of the Environment, Transport and Regions Code of Practice recommends that any horse which is used for the carriage of passengers should be at least six years old and therefore this recommendation has been encompassed as part of the Licensing Authority’s policy.

Appendix X: Intended use and licensing of hackney carriages

1.0 Reasons for Policy

1.1 The Licensing Authority wishes to ensure that applications for the grant of hackney carriage licences are determined in accordance with the guidance given by the High Court in its judgment, and the declaration made in the case of Newcastle City Council v Berwick upon Tweed Council [2008].

2.0 Applications for the grant of a new hackney carriage licence

2.1 Applicants for new licences will be expected to demonstrate a bona fide intention to ply for hire within the administrative area of South Lakeland District Council under the terms of the licence for which application is being made.
2.2 There will be a presumption that applicants who do not intend to a material extent to ply for hire within the administrative area of South Lakeland District Council will not be granted a hackney carriage licence authorising them to do so. Each application will be decided on its individual merits.

2.3 Even where the applicant intends to ply for hire to a material extent in the administrative area of South Lakeland Council, if the intention is to trade in another authority’s area also for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular application, there will be a presumption that the application will be refused.

3.0 Applications for the renewal of a hackney carriage licence

3.1 Applicants for renewals of licences will be required to inform the council whether they have a bona fide intention to ply for hire within the administrative area of South Lakeland Council under the terms of the licence for which application is being made.

3.2 There will be a presumption that applicants who do not intend to a material extent to ply for hire within the administrative area of South Lakeland District Council will not be granted a hackney carriage licence authorising them to do so. Section 60 of Local Government Miscellaneous Provisions Act 1976 gives the council a broad discretion to refuse to renew a licence for any reasonable cause. Each application will be decided on its merits.

3.3 Even where the applicant intends to ply for hire to a material extent in the administrative area of South Lakeland Council, if the intention is to trade in another authority’s area also for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular application, there will be a presumption that the application will be refused.

4.0 Transfer of ownership: when a licensed vehicle is transferred from one person to another

4.1 Section 49 of the Local Government (Miscellaneous Provisions) Act 1976 requires that the proprietor of the licensed vehicle who transfers his interest to another must, within 14 days of the transfer, give written notice to the council of the name and address of the transferee of the hackney carriage. The council has no power to refuse to register the new proprietor: see R v Weymouth Borough Council, exp Teletax (Weymouth) Ltd [1947] KB 583.

4.2 Provided requisite notice has been given in accordance with section 49 of the Local Government (Miscellaneous Provisions) Act 1976 the council will register the transferee of a licensed hackney carriage as the new proprietor. This is a legal requirement.
4.3 The transferee of a licensed hackney carriage will be asked to inform the council whether he has a bona fide intention to use the vehicle to ply for hire within the administrative area of South Lakeland Council. In addition, where the transferee resides outside the administrative area of South Lakeland Council, the transferee will be required to keep records of all pickups on the South Lakeland District Council approved record sheets and these records shall be made available for inspection upon request. Transferees should note the obligation under section 73 of the Local Government (Miscellaneous Provisions) Act 1976 to give to an authorised officer information which may reasonably be required by him for the purpose of carrying out his functions under the legislation.

Where there is a failure to provide the requested information or to keep the records, the council will give serious consideration to exercising its powers of suspension of the licence under section 60 of the 1976 Act until such information is forthcoming, in addition to its powers under section 73.

4.4 Transferees of existing licences will be expected to have a bona fide intention to ply for hire within the administrative area of South Lakeland District Council under the terms of the licence in respect of the vehicle being transferred.

4.5 Where the transferee of a licensed hackney carriage is found to have no intention to ply for hire to a material extent within the administrative area of South Lakeland District Council and/or intends to trade in another authority’s area also for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular case, consideration will be given (either at renewal or earlier) to the suspension or revocation of the licence under section 60 of the 1976 Act. Where the transferee proposes to operate remotely from the administrative area of South Lakeland District Council there will be a presumption that his licence will be revoked. Each case will be decided on its merits.

4.6 The council is required to register the name of the new proprietor of a vehicle. It seems to the council also to open up an obvious route to circumvent the decision of the High Court referred to in paragraph 1.0 above, unless precautionary steps are taken. The paragraphs in this section are intended to put the council in a position to respond responsibly to the transfer of a South Lakeland hackney carriage into the name of someone who operates outside the administrative area of South Lakeland District Council or remotely from it.

4.7 Unless there has been a change in the proprietor’s intentions with regard to plying for hire within the administrative area of South Lakeland Council, there should be no reason why he should not be granted a licence for a replacement vehicle. On the other hand, an applicant who obtained his first licence on the expressed intention of plying for hire to a material extent within the administrative area of South Lakeland Council,
and who on application to replace that vehicle with another discloses that he no longer so intends, effectively engages the presumption against grant that is mentioned earlier.

5.0 Change of vehicle: when a proprietor replaces a licensed vehicle

5.1 Applicants seeking the grant of hackney carriage licence for a vehicle intended to replace another licensed vehicle will be asked to inform the council of their intended use of the vehicle. There will be a presumption that applicants who no longer intend to ply for hire to a material extent within the administrative area of South Lakeland District Council will not have the new hackney carriage licence granted. Even where the applicant intends to ply for hire to a material extent in the administrative area of South Lakeland, if the intention is to trade in another authority’s area also for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular case, there will be a presumption that the application will be refused.

6.0 Revocation of licence

6.1 Where a licence has been granted under the terms that the applicant intends to ply for hire to a material extent within the administrative area of South Lakeland District Council but is subsequently found not to be plying for hire to a material extent in the administrative area of South Lakeland District Council and/or to be trading in another authority’s area for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) there will be a presumption that the licence will be revoked.

7.0 Exceptional circumstances

7.1 Each application will be decided on its merits. However the presumptions that intended use is to ply for hire to a material extent within the administrative area of South Lakeland Council will be rebuttable in exceptional circumstances. Whilst it is neither possible nor prudent to draw up a list of what might amount to exceptional circumstances, an applicant who claims that exceptional circumstances exist will be expected to be able to satisfy the council that it would not frustrate the purposes of the legislation or compromise public safety if the licence were granted, renewed or if were not suspended or revoked as the case may be.
