

South Lakeland District Council (SLDC): An Introduction to Our Purpose & Values

Our Purpose

Empowering and inspiring our communities to thrive.

Our Values

Empowerment: We empower all of our communities – whoever or wherever they are.

Equality: We treat everyone re-spectfully, whether they are our residents, our visitors, or our colleagues.

Leadership: Everyone leads and empowers people to act inde-pendently.

Innovation: Always challenging why we do things and the way we do them to ensure our resilience.

Our values are important because they:

- Help us to grow and develop.
- Help us to create the future we want to experience.
- Reflect how we show up and operate in the world.
- Reflect how we relate to other people inside and outside.
- Are the principles we live by and what we consider important for everybody's wellbeing.
- Reflect how we relate to society in terms of community, inclusion, environment and sustainability.
